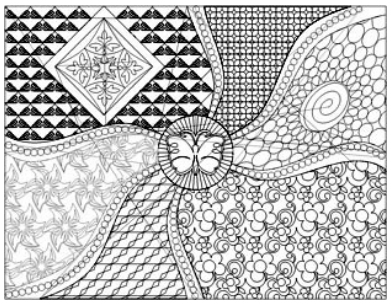
Note from Vickie Haskins:

Years ago my neighbor and I took an enormous plunge and bought a Handi Quilter from Ann Silva. We were new quilters and felt a bit nervous about spending that much money. Buying it together took a bit of the scariness away. We also felt we could help each other learn to use it. One reason we bought a long-arm is we wanted to make quilts for gifts for our children and we wanted to make it completely, from start to finish. We fell in love with quilting and have completed hundreds of quilts between us.



Now you can have the same experience without purchasing a long-arm of your own. You will not be alone.
You will receive instruction from our Long-Arm Specialists, who will be on-hand as you quilt your quilt.

If you haven't committed to purchasing your own long-arm, this is a perfect way to try it! Come create your own story.
