Cameo Rose
In-the-Hoop Zippered Screen Bag

Hoop
- The design is 180mm x 200mm.
- Minimum hoop width is 180mm or 7".

Fabric
- Two pieces of cotton fabric: 9" W x 3.25"H and 9"W x 4.0 "H.
- Fabric needs to be interfaced in black fusible interfacing- can use Floriani Dream Weave Ultra black.

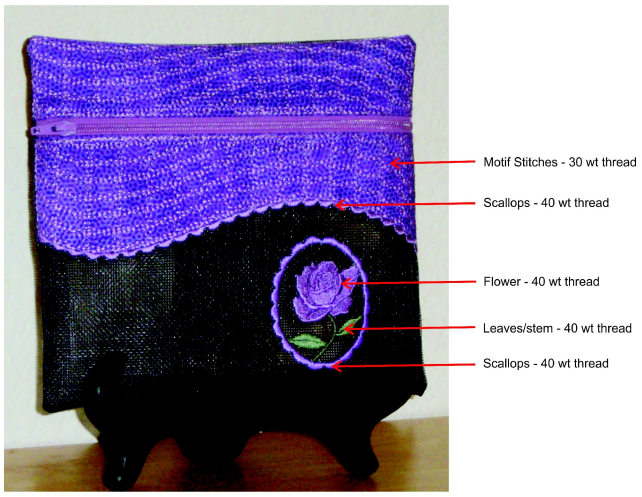
Stabilizer
- RNK Black Stick-Stitch-Tear Stabilizer (15" wide roll)
- Water soluble topping

Needle
- 80/12 top stitch needle (you will be using 30wt thread for part of the design).

Thread
Except for the bobbin thread and black final stitching thread, colors are your choice.

- Black bobbin thread
- 30 wt. thread (cotton or rayon) for textured stitch on fabric.
- For scalloped edge - 40wt embroidery thread.
- For flower, leaves and cameo scallops - 40 wt embroidery thread.
- For top stitching - 40 wt embroidery thread to match the fabric.
- Final stitching - black embroidery or sewing thread.

Thread Color Stops



Tools and Notions

- ¼" water soluble Wonder Tape or RNK Stitch Perfection Tape
- 12" or 12.5" rotary ruler (doesn't need to be square)
- Rotary cutter
- Small rotary mat (minimum 12")
- 14" nylon zipper- color of your choice. (I wish I had used a black zipper. It's hard to find the perfect color zipper.)
- Thread snips
- Appliqué scissors
- Scotch tape, Embroidery Perfection tape or painter's tape.

NOTE: *Please bring a $1.00 to class to pay for the precut screening. This screening is very easy to work with. It's a tiny-insect screening - the holes are much smaller than on regular insect screening. It sews and embroiders much like fabric. I think you'll be very pleased with it.*
