February 2022 Solaris Club

Border Function Key & Connecting Patterns

Saturday, February 12th

10:30 pm – 12:30 pm

We will explore using the Border function Key to generate borders and all-over designs. We will also discuss various tools built into our machines to make the stitching process easier and quicker.

Supply List:

- Solaris in good working order w/ cord, embroidery unit, embroidery foot, 10 5/8" x 16" hoop, positioning stickers ("sewmen"), etc.
