Beyond the Basics

Once you're comfortable with the basics let's try Feathers, Borders, Mini-Fills, Wreaths and more… Bring your Westalee rulers plus I'll have a variety available for you to try. Learn the tips for these amazing rulers which help you create professional looking quilt designs without the years of practice. [Must have attended a Basic Sampler class or be very comfortable with using rulers]

Supplies:

- * Ruler Foot for your model of machine
- ***Any Westalee Rulers you own** [I'll also have a great assortment of the most popular and what's new for you to test drive.]
- * "slider" sheet or green Grid Glider
- straight-stitch needle plate [optional but for some models helpful, your Ruler Foot must be centered over the single hole in the plate or don't use - purchase from your dealer]
- ** Plexi-glass quilters table [We can order but you need 3 weeks since they're made to order]
- * 90/14 Topstitch needles [bring several and have a new one in your machine]
- * "grippy" fingertips or gloves [optional but helpful]
- * Crosshair marking ruler [optional, you can borrow to try]
- *All-purpose good quality polyester thread or 50w cotton – bring several colors, types if you have; not too dark [I like Mettler Metrosene for a starting option]
- *Fabric markers that will show on your choice of fabric colors
- Approx. 4 - 6 fat-quarter [18" x 22"] sandwiches – **solid, med. colors are best so ruler white lines show.**
- **Highly Recommended** - A thick firm cushion or 2 to sit on will bring you to a better height [or an adjustable height chair or tall stool]

  Also: A pencil and some plain paper to work out new designs.

  You might want to sew together leftover quilt blocks to practice on

*We'll have these items available for sale. ** Tables need to be ordered several weeks ahead, so plan accordingly.
