Blooming 9-Patch
Supply list

Book:

- Tradition With A Twist by Blanche Young & Darlene Young Stone

Fabrics:

- As listed on page 80 in the book
  - Fabric choices for this quilt can be scary! There are lots of Blooming 9-patch quilt pictures on the internet – plenty of inspiration.
  - I bought fabric I did not end up using and I also bought more yardage of individual fabrics than the book listed.
  - Don't feel compelled to purchase it all at once. We build this quilt from the inside outwards so if you come to class with only fabrics 1, 2, and 3, it's enough to get started.
  - Fabric requirements do not include binding or outer borders should you decide to add them.

Other supplies:

- Rotary cutter
- Rotary rulers (the shop has rulers but it's always nice to have just what you need when you need it):
  - a long 24” ruler
  - something smaller, less bulky to use: 8” x 11” -ish
  - 6-1/2” is also nice
- Sewing machine
- Thread
- Pins
- If you have it, a large piece of batting, flannel, or fleece for a design wall

Be sure all your tools are labeled!
