Continuous Crochet Motifs Homework

Edie Eckman

Brush Up on Your Skills

We will be briefly reviewing chart reading and join-as-you-go techniques, but if you are not familiar with these techniques, please do some review before class starts.

1) If you need to brush up on your chart reading, practice following a symbol chart. All of my crochet pattern books and many of my self-published patterns include both chart and text instructions. You may find it helpful to watch my free video How to Read a Crochet Pattern.

Affiliate link: For a more in-depth look at chart reading, check out Charles Voth's Craftsy class See It, Crochet It.

2) We will mostly be using a slip stitch join-as-you-go technique. If you aren't familiar with join-as-you-go, practice that as well. You can find details for join-as-you go in my book Connect the Shapes Crochet Motifs and in my in-depth Craftsy class Join As You Go Crochet Techniques, as well as many places online.

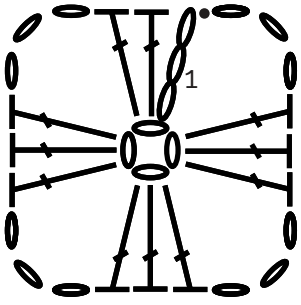
Stitch Key

- chain
- slip stitch
- single crochet
- half double crochet
- double crochet

Crochet Some Little Motifs

Make at least 8 of the following tiny granny squares. You can use a variety of colors, but save out one of your colors to use as the main color when we join them together.

Weave in ends.



Crochet One Full-Sized Motif

Crochet one of this motif, using just one color. Do not weave in your ends.
