

REMEMBER

If you have a major repair required, contact these agencies first.

They may have access to contractors who will provide repairs at a reduced rate.

Many agencies are only permitted to help each family one time a year and have a cap on how much they can financially assist you.

Please do not exhaust or abuse these wonderful agencies so that they will continue to be able to help others.

The enclosed information of

contacts and resources is provided to our citizens in order to assist you in finding the help you deserve.

We are here to assist you with any questions you might have.
