

Bow Tucks Outside Pocket Instructions (missing from July 08 patterns):

**Attaching the Outer Pocket:**

Attach the outer pocket in the same fashion as the interior pockets; center the pocket on the right side of the bag, facing down, and place the raw edge of the pocket 1/4" above the seam of the upper and lower fabrics, stitch the pocket, matching the seam line from the upper and lower fabrics, flip up, press, and top-stitch edges to secure pocket to bag.
