Street Report For October 2010

Monthly meetings are open to the public and are held at the Village Hall on the last Thursday of the month at 7 pm with the purpose of establishing planning and funding for all projects pertaining to streets, alleys and sidewalks within the Village of Downs. However, the October meeting has been moved to November 18, 2010 and we will not have a November meeting.

Chairman's Message:

We continue to work on fall projects. Ditching and culvert work was completed on Maint St. Old sidewalks, that will not be replaced, were removed and replaced with dirt. We have started putting up some more new signs and have our first new street sign in place on Harvey Rd.

Most work has been completed, but we still hope to get more ditch work completed in Mallard point. We will come back in the spring to finish grade and seeding.

Snow plowing is just around the corner, unfortunately, and we are glad to have the roads back together. Please note that they will be back to fix any issues during the winter and we will have them touch up the roads in the spring.

Please be considerate and careful with your fall burn projects.
