Account No. \_\_\_\_\_

I agree that I am a named, authorized person on the customer account number entered above. Further, I am indicating that I want to opt-out of the Brigham City Smart Meter program, **which will be the new Brigham City standard meter**, and that I am opting for the **existing standard digital drive-by** meter alternative. I am aware there may be an initial setup fee and ongoing monthly charges associated with the use of the existing standard digital drive-by meter alternative and I agree to pay the fee and monthly charges which will be added to my monthly utility bill statement. By opting out, I understand that I forfeit all smart meter services and benefits.

I agree to hold the City harmless from any claims or lawsuits for damage to property or injuries to people that are related to my choice to opt out of Brigham City's smart meter services. Brigham City Corporation will not be responsible for any costs or damages that could be avoided had I elected to receive smart meter services.

NOTE: The monthly opt out charge will be assessed upon substantially complete build out of the smart grid system. The monthly fee is collected to pay for the cost of operating and maintaining a separate system. The original amount of the opt out fee is projected to be \$21.68 per month. The actual amount of the opt out fee will be based on the cost of the older system and the number of people who opt out.
