

For Months February 2014 – March 2014

NEWS FROM TOWN HALL

Water and Sewer request to cash customers: When making your \$51.00 monthly payments in cash, please do so with small bills. It is greatly appreciated. We are limited in what cash we have on hand to make change. Thank you.

INFORMATION - Water and Sewer account information: The deadline for payments is the 16th of the month. When the 16th falls on the weekend or the holiday, then payments are due by the end of the next business day.

When making payments on your water and sewer account, your payment will be applied to the oldest dated invoice balance first then to the next invoice, etc... Customers can no longer opt that their payment goes toward the current invoice IF they have outstanding balances. Our accounting software will automatically apply your payment to the oldest balance first. If you wish, a receipt will be prepared for your record keeping purposes. Please contact the Town Hall at any time in regards to your water and sewer account.

REMINDER - Snow Removal Tips: Please do not park on 4th Street when there is new snow on the street. Our plow will not be able to remove the snow properly if there are cars parked there. Please remember to park on the side streets when it snows.

REMINDER – Sewer Line Tips: To avoid major blockages in sewer mains. Please avoid flushing paper towel and feminine hygiene products down the toilet. Thank you for your cooperation.

INFORMATION – The Town wanted to inform citizens that there will be a public input meeting to discuss the Community Building kitchen renovation. This meeting will be held at the Community Building at 525 7th Street, on Saturday, March 15th from 1p.m. to 3 p.m. Further information about the meeting will be posted in the coming weeks.
