

## Inspira iQuilt Frame

The enhanced iQuilt Frame is the next step forward in machine quilting. This frame combines all of the great concepts from the previous model with exciting new features that greatly enhance the Quilter's experience. The iQuilt Frame is QuiltSewClever™ compatible.

You will love the frame's new features: New carriage (with SureTrack™ for increased control and ease-of-movement), 1 1/2" professional steel rails (including Fabri-Fast™ system), and other distinct innovations.

The iQuilt Frame is perfect for any sewing machine with up to an 18" throat space.
