

Ducks in a Row Mini-Charm Table Mat

9 ½" x 14"

A Rubber Biscuit Quilt® from Spinning Moon Designs

You will need:

1 – mini-charm pack of your choice (I used, “Ducks in a Row”)

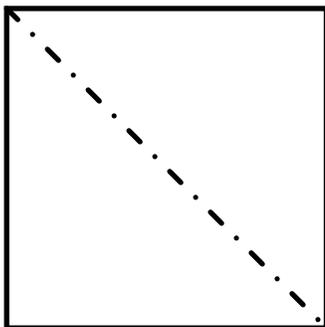

1 – 2 ½" x WOF of border fabric (I used an orange solid)

1 – 1" x WOF for flange (I used a green solid)

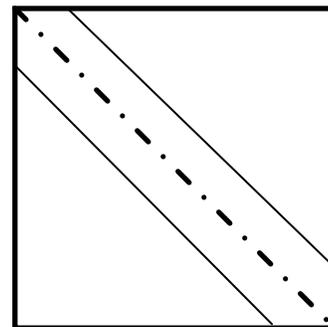

2 – 2" x WOF for binding (I used a green solid)

Sewing

Pair up your 42 mini charms right sides together in pleasing combinations. That means pleasing to your eye.

Draw a line from corner to corner with a sharp pencil.

Now draw a lines ¼" away from the center on either side. These are your stitching lines.

Sew on both stitching lines. You can chain piece and it get it done in a snap.

Cut the squares apart on the center line. **Do not move the square yet.**

Using a ruler line up as shown and make the 2nd cut. This will give you 4 pairs. I know, they are really tiny so handle with care.

Press the seams gently to one side.

Make Hourglass combinations using the pieces you cut. You will get 2 Hourglass blocks from each square pair.

Sew the units together. You may want to use a scant $\frac{1}{4}$ " seam. It is up to you, but I did.

When I am done with all the sewing, I head to the ironing board. I twirl before I press. Then, I press gently. Little pieces stretch easily so be kind to the fabric.

My squares measured 1 $\frac{3}{4}$ "

The layout is 5 x 8 squares. Lay out is as pleases your eye, I was random. Sew the rows together.

Cut the flange at 1". Fold in half. Measure through the middle of the quilt top. Cut the flange length to your measurement. I sewed my flange along with the border. You may want to baste, it is up to you. The border is cut at 2 $\frac{1}{2}$ ". Measure through the middle of the quilt and cut border length to your measurements.

I used fusible batting since the quilt is so small. I chose a simple grid and eyeballed it.

Binding was cut at 2". I almost made it with one strip but need a little bit more.

I hope you enjoy this freebie!
