

Kenmore Progressive Canister Vacuum Cleaner, Red

The Kenmore Progressive canister vacuum cleaner provides powerful cleaning for all floor types. It also cleans furniture, drapes, stairs and other above-floor surfaces. The Pet PowerMate and the pet upholstery tool are especially useful for removing pet hair from furniture. And the Kenmore Progressive canister vacuum cleaner has HEPA filtration for cleaner exhaust air.

- The 6-in-1 handle is **easy to use** and attaches to the power nozzle/wand, floor brush, Pet PowerMate, dusting brush with horse hair bristles, pet upholstery tool and crevice tool for multiple cleaning options
- Motorized Pet PowerMate (pet hair tool) features a dedicated motor that **picks up the most stubborn pet hair** from furniture, stairs and any other surfaces
- **True HEPA cloth dust bag** removes and contains 99.97% of particles up to 0.3 microns size
- Infrared dirt sensor helps you **locate and remove embedded dirt**
- Electronic performance indicator **notifies you when the bag is full** or there might be a clog in the air hose
- Swivel+ Steering System™ lets you **easily glide around corners and furniture** for an easy clean
- **Light on the wand** illuminates dark areas to help you see what needs cleaning and to avoid items that you don't want to vacuum up
- **Variable speed control** adjusts for all your cleaning needs
- **Telescoping wand** and **8-foot hose** let you reach ceiling fans, corners and other high places
- Stair Grip has a unique design that keeps the vacuum upright for **worry-free stair cleaning**
