

FEMA Flood Potential Maps

The Federal Emergency Management Agency (FEMA) has the responsibility of assisting individuals and communities in the event of natural disaster. Besides assisting in the aftermath of such disasters, FEMA also has the responsibility to evaluate flooding potentials. The flood potential from natural drainages is shown on Flood Insurance Rate Maps (FIRM) for the more developed areas across the United States, including our community. The FIRM maps are available for review at WB City Hall and at any Davis County Library. Anyone interested in reviewing the FIRM maps can contact the City.
