West Bountiful City Welcomes New City Administrator

The City was pleased to welcome Duane Huffman as the new City Administrator earlier in August. The City Administrator serves as the chief administrative officer for the city, supervising its day-to-day activities per the directions and policies established by the Mayor and City Council. Prior to coming to West Bountiful, Duane served as the City Manager for Kanab City, UT and also worked in the Arizona Governor's Office and for the Arizona Department of Health Services. He holds a masters degree in public administration from Brigham Young University.

As to why Duane chose a career in the public sector and is so excited to come to West Bountiful City, he says, "I have always been drawn to being able to utilize my talents in a role that makes a difference in the quality of life for families day in and day out. Working for mayors and council members is special because of how much they value the community and are willing to sacrifice to serve. West Bountiful is such a great community to work in because of the quality of elected officials and the superb staff they have put together. Add to that the unique character of the city and its residents, and West Bountiful has the perfect ingredients to really stand out as a wonderful place to live and work."

Since beginning with West Bountiful, Duane has jumped right in to issues the Mayor and Council have had on their plate, such as the selection of a new golf director and all of the on-going construction projects. Getting familiar with everything and everyone in the City can be overwhelming, but Duane says that what has been even more overwhelming is the positive nature and welcoming attitude of all of the residents and staff members.

Duane and his wife Maria met as students at BYU and currently have 4 children (Enoch, Caleb, Isaiah, and Elsie) and are expecting another daughter in November. They are currently renting a home in the Foxboro neighborhood in North Salt Lake.

WHAT'S NEW AT LAKESIDE ...

Welcome Lakeside's New Golf Course Director - By Mayor Ken Romney

I am very excited to introduce you to Paul Holden, our new **Director of Golf at West Bountiful City's Lakeside Golf Course**. Paul's vision for Lakeside as a community-oriented course, his commitment to quality customer service, and the high level of professionalism he brings will combine to make the golfing experience at Lakeside something we can all be proud of as a community.

Paul got his start over 15 years ago at Lakeside helping with the driving range, and since then he has gained many years of experience in all aspects of managing a golf course. Recently he served as the Head Golf Professional at the Valderra Golf Club in the St. George area and now comes to us after serving as the Assistant Golf Professional for our neighbors at the Eaglewood Golf Course in North Salt Lake.

The City has recently made many improvements at Lakeside, and word is spreading throughout the region that West Bountiful is a great place to play golf. Paul's leadership and relationship with the golfing community is coming at the perfect time to build on this momentum!

Our golf course continues to improve! The remodeling of the clubhouse completed last Spring has been complemented with a new parking lot, landscaping, signage and fencing. We are continuing to make improvements on the course as well, with the relocation of holes #17 & 18 tee boxes. Also, extension of the driving range has been seeded and it is greening up nicely.

HOORAY...LAKESIDE Golf Course BOND BURNING EVENT!

WB RESIDENTS ARE INVITED TO ATTEND A SPECIAL CELEBRATION

SATURDAY, SEPTEMBER 28TH, 2013 1:00 p.m. – 6:00 p.m.

The City's debt for the golf course was just paid off! To celebrate this community achievement, **all WB residents** are invited to come enjoy food, fun and a 9-hole round of golf or hit a small bucket of balls at the driving range. The event will take place on **Saturday, September 28** at Lakeside Golf Course beginning at 1:00 p.m. Even if you are not a golfer, we'd love for you to come help celebrate and get more familiar with this community gem. While you're there you can take a look at the improvements we've made and meet our new Director of Golf, Paul Holden. **Tee times are necessary (801-295-1019) and proof of residency will be required.** More details will be provided closer to the event on our website, www.wbcity.org and our facebook page, www.facebook.com/WestBountifulCity.

PUBLIC WORKS

TAKE PRIDE IN WEST BOUNTIFUL CITY

West Bountiful is a wonderful place to live. Now that summer is over, it's a great time to clean up yards, trim trees and hedges, and cut down weeds. Our upcoming Fall Cleanup provides a perfect opportunity to get rid of the things you no longer need. All your green waste can be taken to the Bountiful Landfill from October 5 to October 12 and West Bountiful will pick up the costs.

CITY PROJECT UPDATES

700 West

We've had a busy Summer! The rebuilding of 700 West from Pages Lane to 1000 N is complete. The project not only included a new road and curbing, but all of the water lines were replaced as well as some drive approaches and sidewalks. Thanks to all who endured the construction while we continue to improve our city.

City Park

Early in the summer, a walking path was built around the park and the bathrooms were enlarged and updated. The parking lot was recently repaired as well. Come out and enjoy the last of the great summer weather at our parks.

Asphalt Seal Coating

In an effort to preserve and extend the life of our roads, several of our streets were recently seal coated including 1100 West between 500 South and 400 North, 1000 N between 800 W and 550 West, and several roads north of Pages Lane. This treatment protects the asphalt and increases the life of the roads.

FOR YOUR INFORMATION

YOUR VOTE COUNTS

We find ourselves at the time when we elect our peers to represent us in providing direction for the most basic services that we rely upon. We have the power to choose our direction by promoting and electing those who share common values. Relatively few votes can change the outcome of elections. Every vote counts. Please do your part by voting in the upcoming election!

Want to Get Involved?

The City is looking for a few good men and women to volunteer as members of the Planning Commission and also the Historic Preservation Commission. The Planning Commission meets twice a month to review zoning requests, conditional use permits, and make recommendations to the City Council.

The Historic Preservation Commission meets periodically and is responsible to focus on, document and preserve the history of the city, consider properties to be added to the historic landmark register, and provide advice on property improvements within the historic district. Apply online or at City Hall.

Fire Prevention Week

South Davis Metro Fire Agency will hold their annual Fire Prevention Week in September. A demonstration of a "Smoke House" will be held at various locations and will allow kids to crawl through a non-toxic smoke filled home and learn the best way to get out of a fire, watch demonstrations of how to put out a fire, and have a great time. It's a free event and there will be something unique at each station! The schedule is as follows:

Monday, September 9, 6 pm – 8:30 pm at 255 S 100 West, Bountiful

Tuesday, September 10, 6 pm – 8:30 pm at 125 S Main, Centerville

Wednesday, September 11, 6 pm – 8:30 pm at 836 W 1100 North, North Salt Lake

Thursday, September 12, 2013, 6 pm – 8:30 pm at 701 E Eaglewood, North Salt Lake

Fire Hazards

With the hot dry summer we have been having, fires can start all too easily. This is especially true when weeds are left to dry in the heat, creating a fast-burning tinder that allows fires to quickly grow out of control. West Bountiful City wants to remind all residents of the importance of keeping weeds cut down to help minimize the chance of fire. We can all do our part to help preserve our homes and property. Please, let's all work together to keep our City fire free.

WEST BOUNTIFUL

ARTS COUNCIL

PRESENTS

Founders Day celebration to spotlight concert tradition

Friday, September 13, 2013
7 p.m. - City Hall

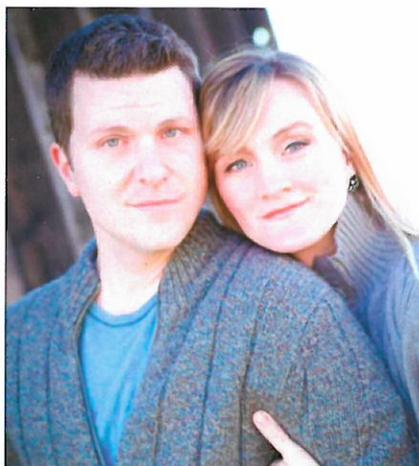

In September, we'll be back at city hall celebrating the "founding" of West Bountiful. For this year's concert, the Arts Council will be "looking back" and have invited many past performers to take the stage. They will help celebrate the founding of West Bountiful and our run of second Friday, free concerts. During the past seven years, these concerts have featured those who live in West Bountiful or have ties to West Bountiful. As has become a tradition at our Founders Day concerts, the performances will be narrated by poetic stanzas intertwined with West Bountiful history. As usual, the stanzas are written by Eric Eastman, our poet extraordinaire. You won't want to miss this special concert and the pictorial gallery display of past performances.

Cowboy Poets to perform

Friday, October 11, 2013
7 p.m. - City Hall

This year, October's concert will again put the spotlight on cowboy poetry. Several of our own West Bountiful cowboy poets will take the stage presenting their own poetry along with the works of other famous poets like Robert Service and his "Cremation of Sam MaGee". True to cowboy poetry style, the program will include the spoken word and works which chronicle life in the West. We are certain you won't want to miss this one. It is free with great parking and will include some heartrending, maybe even some foot-stomping country western music by Jay Burton and his "Blue Mountain" group.

Ward family to entertain

Friday, November 8, 2013
7 p.m. - City Hall

November's concert will feature Ray and Isabel Ward's talented family. Their children and grandchildren will perform a delightful mixture of piano, flute, and piccolo solos, and wonderful singing in groups, duets, and solos. Here are a few highlights:

Natalie and Jared Haddock (pictured left) have sung in traveling Broadway productions, at Tuacahn, and in cruise ship shows. Yvonne Ward is in the Utah Youth Symphony and plays flute and piccolo like a house afire! Andrew Ward (pictured right) sings with the voice of an angel and will amaze and entertain you. Grandpa Ward will keep you laughing between musical numbers. Come enjoy a wonderful evening!

Bountiful/Davis Art Center presents:

From the Chief – Back to School Safety:

We need to do our part to keep our kids safe. This is not just slowing down when we are driving, although that is important, it also includes talking with our children about the different hazards they may encounter or danger they put themselves in. If you really think about it, going back to school is a significant event. We spend a lot of money on clothes, backpacks, and other supplies. The students have their outfits picked out days in advance and all the kids and parents are “posting or tweeting” about it. **IT’S A BIG DEAL!**

So what should we do to make sure not only our own kids are safe, but all the kids are safe?

1. **Slow down.** This is a no brainer but definitely needs to be mentioned.
2. **Look around,** use caution when pulling into or leaving a driveway. There are going to be children walking or biking.
3. If you see a **school bus with flashing yellow lights it means they are preparing to stop** and either pick up or drop off students.
Red means stop. We are conditioned to drive past vehicles as we go down the road and not think much about it. It may help to tell yourself, **“watch for school busses”** prior to driving until we get reconditioned to having them around.
4. I don’t mean to sound condescending, but I want this to be clear. **School Zones are 20 mph,** not 21 or 35 mph, not even if you’re late for work. School zone citations are expensive and will be given to those who don’t obey the law.
5. If your children walk to school it may help them to have you walk with them once or twice. This will help them feel more confident and will give you the opportunity to find the best route and point out different safety concerns to them. **Always walk on the sidewalk** if there is one available.
6. Children riding **bikes in the bike lane need to be taught not to swerve out towards traffic** and they should ride as **far away from the vehicle travel lane as practical.**
7. Texting and driving, I know I don’t have to say anything else about this, or do I? As police officers we drive around in a car that is easily recognizable and as such people will put their phones down, but we are not always in our police cars. I can tell you from my personal experience while driving around in my personal car, that I see both adults and teens do A LOT of texting while driving.

There is no way of putting every safety rule in this article. My final suggestion to making our new school year safe is to just **take a deep breath, slow Down, and apply common sense and good judgment in what we do.** I would rather be five minutes late getting to my destination than hurt or kill another person.
