October 2013 Retreat

with

Ingrid Cattaneo  
Pamela Klein  
Sandra Poteet/Cathy Stone

October 11-13, 2013

at the beautiful  
Grass Valley Courtyard Suites  
Grass Valley, CA

Postage

Our faculty for the retreat will be:

**PAMELA KLEIN**  
*'Bead Embroidery for Quilters'*

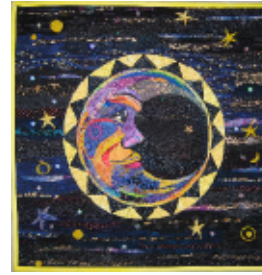

Learn how to embellish your beautiful quilted designs with fundamental and advanced bead embroidery techniques! Using a small quilted piece as your project base, this class will walk you through all the basics and into more advanced skills.

When your workshop is over, you'll have a lovely finished piece that you can use as a wall hanging or as part of a larger

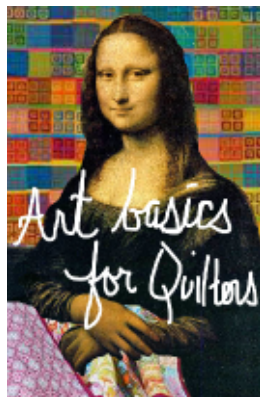

larger project. An extensive selection of beads in a multitude of colors, shapes and sizes will be available as your palette and each finished piece will become a unique expression of the individual student.

**INGRID CATTANEO**  
*'Fabric Collage Workshop'*

In this class students will learn the technique of fabric collage using Susan Carlson's approach to fabric collage. This class will give specific directions and tips for working with color values as well as creating "eyes" that will either make or break your portrait project. Students will also learn how to blend their colors to create shadows and lines within the pattern. The class requires "Serendipity Quilts" by Susan Carlson. You have a choice of selecting either the sun portrait or moon portrait. Start saving tons of fabric scraps!!

**SANDRA POTEET & CATHY STONE**  
*'Introduction to Art Elements & Design Principles'*  
(Art 101)

Join Sandy Poteet and Cathy Stone for a journey into the world of art elements and design principles, the building blocks of successful art. This class introduces the basic artist tools and rules you need to make your quilts better than ever before. We will cover the elements of line/mark, shape, texture, space, value and color, as well as the design principles of balance, movement/rhythm, unity and variety, emphasis and focal point. And we will include lots of hands-on exercises to help make these concepts come alive for you. Join us for a fun and educational weekend that could change the future of your quilting!

Sugar Pine Quilt Shop is proud to present its third annual quilt retreat. Grass Valley, California is a beautiful destination spot for quilters in the heart of the California gold country.

We will have an exhibit of faculty quilts on display from the current and future instructors. There will be an opportunity to get acquainted with our community with a display of quilts in downtown venues. You can enjoy wine tasting or a spa experience throughout the weekend as well.

The fee of \$275.00 covers the instructor, Saturday evening dinner, snacks, door prizes and lots of fun.

The Grass Valley Courtyard Suites has provided special rates for the weekend. Grab a couple of friends and book one of their very special suites.
