- I: 1/8 Yard: Cut 4 ½" by WOF

Backing: 1 ½ Yards

Binding: ½ Yard

Finished Size
Approximately
42" by 50"
♥
All Seam
allowances are ¼"

Choosing your fabrics:

Start by choosing your focal print (H).

← FOCAL PRINT

Then choose coordinating fabrics that accent the focal print.

← SUPPORTING COLORS

It's okay to duplicate a few coordinates.

← FOCAL PRINT

One note: Stronger colors like yellow, lime green, and orange in the large stripes may stick out more than you want in the final product. If you don't want them to overpower your focal print, use those colors in the smaller stripes (B & F).

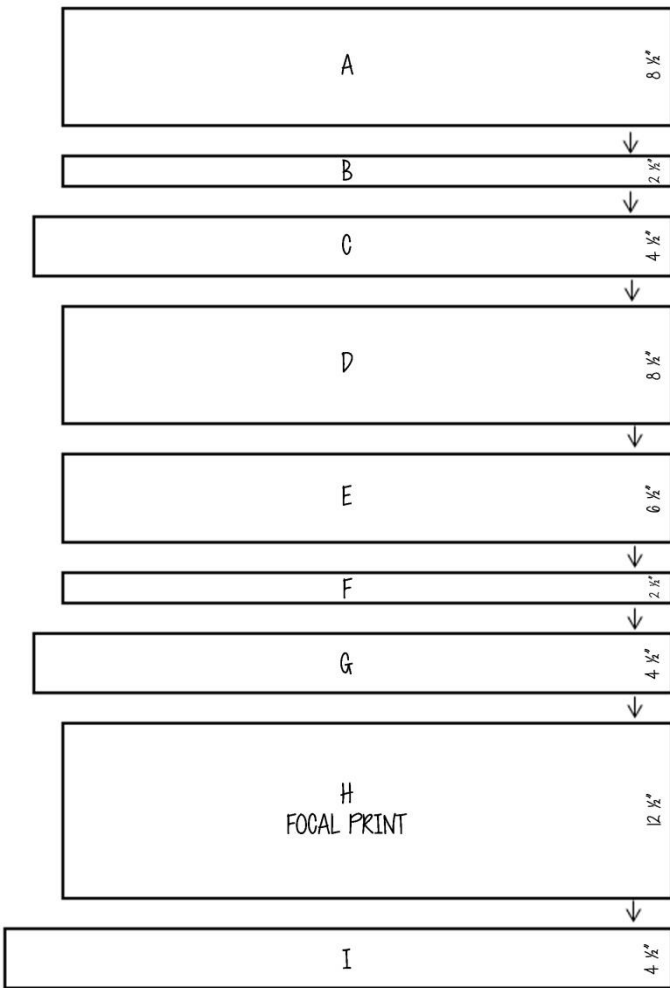

← SUPPORTING COLORS

← FOCAL PRINT

← SUPPORTING COLORS

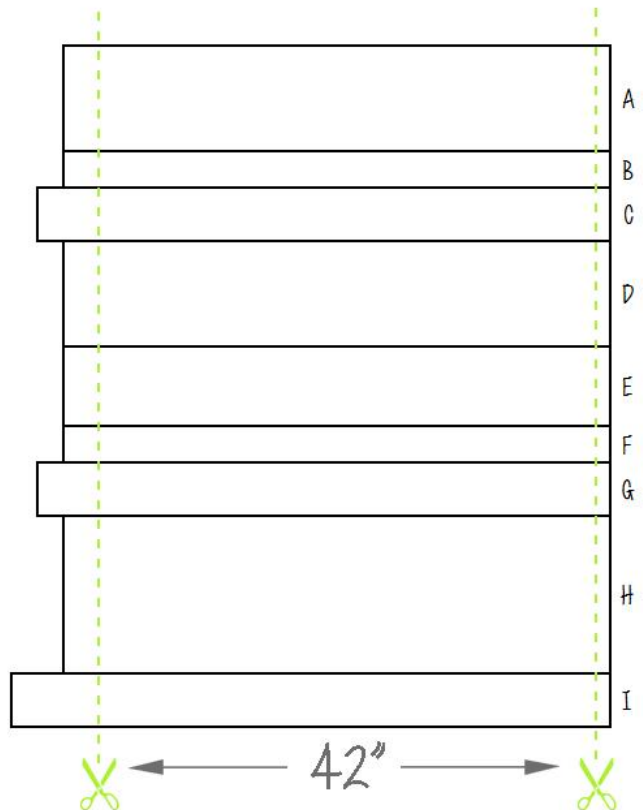

SELVAGES

Line up your selvages and sew strips together from A –I. Make sure your directional prints all face “up” before you sew.

Note: some of your fabrics will be longer than others. Don't worry about that, you will trim those off after you sew everything together.

Press seams open and trim width down to 42”.

Quilt as desired and bind.

That's it! You're **DONE!**

Happy Sewing!!!
