New Business:

5. July 4th Sesquicentennial 2014 Activities Report—The town ran out of supplies for breakfast. We needed more people serving. We should have just a clean-up crew. Traffic through the parade needs to be monitored better. We need a cleanup crew for the horses. All ideas for the next time.

6. Storage Space Discussion—Council Member Bingham thinks we need more room for storage than the patio. He is thinking that we should extend current shed. But there is an old septic line running under
where we would need to dig. Mayor Thayne thinks Chairman Jeff Spenst should get involved in drawing it out and see if he wants to bid it. We would also need other bids.

MOTION: Council Member Spackman made the motion to go forward with the expansion of the shed. Council Member Andersen seconded the motion. Motion passes unanimously.

Aye Votes: Council Member Spackman Council Member Andersen
Council Member Bingham Mayor Thayne

7. Business License Discussion--Ordinance 2010-03 is still in effect per our lawyer. But he suggested we do a resolution to renew it. So if there changes that need to be made Council should look at the ordinance and make suggestions. Council should be looking at enforcing this as of August 1, 2014.

Unfinished Business:

8. Fire District Information, Emergency Management—nothing new

Public Comments: This is an opportunity for the public to address the council. Please limit your comments to three minutes.
