Council Member Kliger

6. Deweyville Fire Truck—The Fire truck is owned by Box Elder County and will be given to the Fire District but loaned to Deweyville. The Fire District will cover the insurance and maintenance on the truck. There will be First Responder equipment on the truck. Council Member Andersen is reviewing and adding equipment to the truck. The truck will be housed at Council Member Andersen's home until the town has housing.

Janet Marble and Mr. Fields left at 7:38 pm.

7. Deweyville Infrastructure Improvements—Both the fire house and the storage shed need to be Commercial Grade construction. So far Council Member Bingham has had no bids. Mayor Thayne presented charts and information on the wells output and the new water line. The wells are good but the spring is weak. The hydrologist believes there are 700,000 acre feet of water in the wells. It was discussed that the UKON system has high levels of arsenic and Bear River Water Conservancy District has partnered with Deweyville to dilute the levels. We would be paid \$175 per acre foot of water used. This water system is not being built to cover growth.

Unfinished Business:

8. Storage Space Discussion--
9. Fire District Information, Emergency Management—There was a meeting last Saturday for Emergency Management. They are working on better organization. They will be practicing their radio skills on Sunday at 8:00 pm and anyone is welcome to join.

Public Comments: This is an opportunity for the public to address the council.
