Transportation

"A Vital Part of Everyday Life"

Transportation is a vital part of everyday life we often take for granted. Recently, Utah identified a significant shortfall in maintaining our current infrastructure as well as providing future needs as our population continues to grow rapidly.

This Spring Utah state legislators passed HB 362, which will raise the gas tax about 5 cents per gallon, starting January 1, 2016. This is expected to help address the decline in buying power of the cents per gallon tax, which was estimated to have lost 40 percent with inflation since 1997 when it was last adjusted. Here in Lindon, we as a Council and staff have been looking at ways to preserve our current roads, sidewalks and trails, and plan for future mass transit so that we can accommodate our projected population growth, which is expected to grow 54% within 20 years.

Interestingly, the Utah League of Cities and Towns had this to say, "Our transportation paradigm is changing. We are walking and cycling and using mass transit. Our cars are becoming more energy efficient. Healthy communities need to provide connected routes to provide a system that is safe and convenient."

Many believe good transportation will also impact economic development, air quality, and personal health. If we invest in one need - transportation - improvements will be seen in fundamental areas that affect our quality of life. And by planning today, Lindon will not only avoid higher costs to fix crumbling roads later, but hopefully attract more jobs and businesses to our city that provide revenue, complete our trail system for biking and walking, and maintain the wonderful quality of life we all enjoy long into the future.

2015 MONUMENT TO FREEDOM

All are invited to attend as the community of Lindon will hold our annual Memorial Day Ceremony honoring all Lindon veterans for their military service. Each year, the Lindon City Police Department, with the full support of the Mayor and City Council, spearheads the effort to collect and authenticate the names of those who have done so much to preserve our freedoms. This effort culminates each Memorial Day as a spectacular, one hour program that is held including a special message from an honored veteran, patriotic music by a Lindon Youth Choir, the reading of the role of honor, a 21-gun salute followed by the playing of Taps and the solemn placing of a traditional wreath upon the monument by an honored guest.
