

ambition" line

SPACIOUS The largest sewing space* and the long free-arm makes sewing any size project effortless.

BRIGHT The perfectly illuminated sewing area and the large high-resolution touch screen will optimize your work process.

PRECISE The original IDT™ System guarantees absolutely even fabric feed from top and bottom.

New sewing comfort and perfection for you!

Fashion, accessories, quilts or textiles for your home - the new PFAFF® ambition™ line sewing machines do it all, and are filled with surprises.

Look forward to a **generous 200 mm space** to the right of the needle. That means relaxed working and lots of space for large amounts of fabric – an advantage for quilters! Thanks to the **three LED light sources** the complete work suface is optimally illuminated with no shadows. (Two LED lights for ambition essential™ sewing machine)

Choose one of the **195 stitches** from the large repertoire of the PFAFF® ambition™.5 sewing machine.

The **large high resolution screen** shows everything full-sized, detailed and sharper than ever before. All important information can be seen at a glance.

The touch screen (ambition¹⁵ sewing machine only) allows easy access to all stitches with the stylus. The optimal settings are pre-programmed and can be individually adjusted and saved in one of the **4 memories**.

See feature list for details on each machine model.

Adjust speed, thread tension and presser foot pressure as desired for special techniques or different fabric types. The **extra-high presser foot lift and electronic piercing power** are ideal for thick fabrics and multiple layers.

Sew without the foot control with the start/stop button, adjust the speed with the speed slider and, if you wish, the machine will tie-off and stop automatically.

Touch a button to set your **needle** to automatically stop **up or down** in the fabric, for pivoting, appliqué and other special techniques.

With **29 needle positions** you can place the needle exactly where you want it to be. Perfect for topstitching, quilting, inserting zippers and more.

The difference is in the details!

Unique features compared to the top competitor machines at this price range:

- Large high resolution screen (1.0 and 1.5)
- Touch screen (1.5)
- The original IDT[™] System
- Up to 4 alphabets
- 200 mm sewing space

View your selections, options and stitch information on-screen with the highest resolution level. All stitches are shown in actual size. Navigating the touch screen (ambition™ 1.5 sewing machine) is easy with the stylus.

Lots of space for large amounts of fabric; great for all types of ewing!

3 bright lights illuminate your entire sewing area without shadows. 2 lights for **ambition** essential™ sewing machine.

ambition[™] line

New inspiration for you!

Take a closer look into the stitch repertoire of the PFAFF® ambition line sewing machines and discover the difference. Up to 195 stitches to turn all your ideas to reality.

Professional utility stitches, perfect buttonholes and a huge variety of enchanting decorative stitches, guilt, cross and hemstitches to give your creation that special finishing touch. Choose from up to 4 different styles of alphabets and create individual names, words and numbers. Mirror, combine and save up to 20 individual stitches and letters and in your sequence memories. The high resolution screen shows everything. With elongation you can lengthen satin sitches while maintaining the same density for a professional result.

For free-motion sewing, **lower the** feed dogs and simply attach the free-motion foot (optional). When you work with a twin needle, the twin needle program adjusts the stitch width to prevent needle breakage.

All this and more is waiting for you. Visit your authorized PFAFF® dealer and test drive the PFAFF® ambition® line sewing machines for yourself.

See feature list for specific features on each model.

The difference is in the details!

In the amazing range of PFAFF® presser feet, you will find inspiration for new ideas and expand the capabilities of your ambition $^{\text{TM}}$ line machine.

- Three hole Yarn Foot.
- Free-Motion/Darning Foot
- Bi-Level Top Stitch Foot for IDTTM System

Free-motion sewing – let your imagination run free.

Mirror, combine and save stitches and create your own design highlights. Up to 4 alphabets. Choose from different styles.

The ultimate in piecing perfection

Quilters all over the world are amazed. But even if you're not a passionate quilter you will quickly discover why the IDTTM System is outstanding.

Advanced technology lets you sew any fabric and through multiple layers – without worrying if the fabric pieces will match at the end of the seam.

The PFAFF® original **IDT™ System** guarantees the optimal feed you expect on all kinds of fabric. Everything stays in place. Lightweight and silky fabrics don't pucker; stripes and plaids match perfectly; curved seams are easy, with very little pinning required.

The IDT™ System is exceptional at feeding small fabric pieces for maximum precision and professional results. Your PFAFF® ambition™ line sewing machine moves from a single layer to multiple layers effortlessly and even sews over bulky seams with no hesitation.

The results are gorgeous sewing projects with amazingly precise details.

The original - only from PFAFF® for over 40 years!

Topstitching on several layers of denim is simple when using the Original IDTTM System, together with heavier thread and a topstitch needle.

The embellishment on the quilt is made by using the PFAFF® Couching/Braiding Foot.

Tricky diagonal piecing is no problem thanks to the even feed of the PFAFF® original IDT™ System. The 1/4" Right Guide Foot with IDT™ System ensures perfect 1/4" seams every time!

Sewing challenging material is simple with the original IDTTM System.

Combine any of the beautiful decorative stitches and explore new techniques made easy with the wide range of additional accessories.

Discover the difference at your PFAFF® dealer.
