

# BERNINA Q24 Rental Agreement

We want you to be as successful as possible in your longarm quilting experience with us! In order to provide you with the best possible outcome for your projects, we request your cooperation in the following:

- **All quilters must take the BERNINA Q24 Basics class before renting time on the Q24.** Even if you are not new to longarm machine rental, the Q24 is truly unlike other longarm machines with unique features. We want you to get the most out of your rental time, so we want to make sure you are comfortable with setting up the Q24, loading your quilt AND using all of the tools it has. When you take the BERNINA Q24 Basics class, you'll receive a zipper to baste onto your quilt top (making it faster and easier to load and onto the zippered leader on our rental machine's frame), one BERNINA M class bobbin for the Q24 (other brands of bobbins are not allowed in our rental Q24), and a coupon for two hours of rental time on the Q24 (a \$30 value). Please visit the Longmont Calendar page on our website to see the rest of the BERNINA Q24 Basics class description, as well as dates and times it's offered.
- **In order to prevent damage, costly repairs and/or part replacement,** and again to make your quilting experience as successful as possible, we reserve the right to restrict the use of any thread, batting, backing or other fabric, needles, etc. that we feel are not appropriate. By using quality thread, needles and other materials, we can keep our rental machine in top shape for you to use!
- **Any damages, repairs or part replacement that result from misuse / abuse of the Q24 rental machine will be charged to the quilter renting the machine.**
- **Time on the Q24 rental machine is not booked until it is paid for.** Quilters may call and pay over the phone to book rental time at \$15 / hour, in one-hour increments, or come into the Longmont store and pay in person. Once your time is up, if there is another quilter or a class scheduled after you, even if you are not finished, you must unload your quilt so that the next person can start their rental on time. If there is not another quilter scheduled after you and you are not finished with your quilting, you may continue to rent the machine in one hour increments and pay for the additional time when your session is over.
- **Rental time is available only during regular business hours.** Please come into the store or call our Longmont location at 303-485-6681 to book rental time and check availability.
- **Any supplies you purchase to complete the project you are working on during your rental time will be discounted by 10%.** This includes batting (we carry 122" wide Quilter's Dream Wool, Cotton and Poly / Cotton blend by the yard), needles (the Q24 uses domestic needles), thread, and fabric.
- **We cannot guarantee the success of your project.** Due to the differences in quilting styles, craftsmanship, materials used and other circumstances, we are not responsible for the outcome of your project. We will do our best to be available to assist you with any issues with the Q24 rental machine.
