

Tropic Town Ordinance Water & Sewer Ordinance

No. # 1-14-2016

This Ordinance shall be known as THE TOWN WATER AND SEWER ORDINANCE. Notwithstanding the rules, regulations, rates, charges and other provisions regulating the water and sewer system of the town, as adopted herein, all or any of the provisions hereof may be amended by an ordinance of the Town council unless prohibited or not permitted by law; and repealing and superseding any provisions in conflict therewith.

The revenues and expenditures of and from the water system shall be kept and maintained separately from those of the sewer system, and separate books of record shall be established and sustained. Revenues from either system may be pledged for separate debt of that system without obligating the other system and without any implication that a debt of one is the debt of the other.

BE IT ORDAINED BY THE MAYOR AND TOWN COUNCIL OF THE TOWN OF TROPIC, GARFIELD COUNTY, STATE OF UTAH:

WHEREAS, the Town of Tropic, a municipal corporation of the State of Utah, is the owner of a Culinary Waterworks System for the purpose of furnishing water to the residents of said Town under a system of facilities and it is necessary to adopt an ordinance for the controlling of the System, including the setting of fees for culinary water services and amending and, where necessary, repealing water ordinances and resolutions heretofore adopted in conflict herewith; and

WHEREAS, it is necessary to repeal the Water Ordinance #14-100 ("A.M. Ferro" 1981 Edition, ULCT) & Tropic Town Water Ordinance #1991-04, Multiple User Water Ordinance #1993-01, Increasing Monthly Sewer Rates & W/S Hookup Rates #1999-6-16 and Resolution #90811 Revising Commercial Sewer Rates, Resolution #91307 Residential Sewer Rate Increase, Resolution #22207 Section B: Dormant Water Sewer Rates, and Resolution #31411 Billing Procedures Section D of the Town of Tropic; and which may be inconsistent or in conflict with this Ordinance or which may in any respect create an ambiguity, an uncertainty or, if applied, any vagueness respecting the express terms of this ordinance are hereby expressly repealed and the provisions of this Ordinance shall prevail over all enactments of the Town of Tropic relating to its culinary water system; otherwise, any provisions, different duties, responsibilities, rights, entitlements or powers not in conflict herewith shall have no applicable force or effect after the adoption and posting of this Ordinance, but shall remain in effect respecting the Culinary Water System consistent herewith; and

WHEREAS, the Town of Tropic, a municipal corporation of the State of Utah, is the owner of a wastewater sewer system for the purpose of providing wastewater services; and

WHEREAS, it is necessary to repeal the Sewer Ordinance #14-200 ("A.M Ferro" 1981 Edition, ULCT); and

NOW, THEREFORE, BE IT ORDAINED AS FOLLOWS:

Section 1: Culinary Water Department and Sewer System

The Culinary Water & Sewer Departments of the Town of Tropic is hereby created. It shall administer the operation and maintenance of the culinary water and sewer systems of the Town.

So far as is practically appropriate, these Departments shall operate and be governed separately from the Irrigation water system of the Town.

Section 2: SUPERINTENDENT

There is hereby created the position of Superintendent of the Culinary Water & Sewer Systems. The title shall be sometimes stated "Superintendent" to indicate and parallel the custom, usage and practice of distinguishing a culinary water & waste water/sewer supervisor or administrator as a "Superintendent" and also to distinguish the office from that of the irrigation water system "Superintendent".

When the term "water" or "sewer" is used in this ordinance, including its use in the application for water and sewer revenue embodied in this Ordinance it shall be deemed to apply specifically and exclusively to culinary water and sewer furnished under this system, except where the context indicates to the contrary, particularly but no exclusive where intermingling of culinary and irrigation water is prohibited.

Section 3: DUTIES OF SUPERINTENDENT

The superintendent of the Systems shall manage and supervise the Systems pursuant to the provisions of this Ordinance and pursuant to resolutions, rules and regulations adopted by the Town Council from time to time prescribing his powers and duties and directing the manner and frequency with which he shall make reports to the Mayor relating to the water & sewer systems. All of the functions and activities of the Superintendent shall be carried on under the direction of the Mayor or Council Member appointed by the Mayor.

Section 4: Application for Culinary Water Connection

Any person, other than a sub-divider or developer seeking multiple connections, who desires or is required to secure a new connection to the Culinary Water System, shall file with the water department for each such connection, a written and signed connection application in substantially form. (Appendix A)

Section 5: Application For Water Connection by Subdivider or Commercial Developer

Whenever a Sub-divider or Commercial Developer desires or is required to install water connections and extensions for a subdivision or development, the sub-divider shall enter into a written extension agreement which shall constitute an application to make the extension and connections and an agreement specifying the terms and conditions under which the water extensions and connections shall be made and the payments that shall be required, all of which shall be fixed by the Town and paid by applicant. (Appendix B)

Section 6: Application for Water & Sewer Service

Any person, sub-divider or developer who desires or is required to secure water & sewer services when such service is available from the Town water/sewer systems, shall file a written application and agreement for the service. (Appendix C-D; E-F; G-H)

Section 7: Non-Owner Application – Agreement of Owner

Applications for water & sewer services made by the tenant of any owner must, in addition to Section 6, be guaranteed by an agreement signed by the owner or the premises or his duly authorized agent and shall pay a

deposit of \$100, refundable at the time of service is discontinued and upon finding no delinquent charges. (Appendix I)

Section 8: Non-Resident Application

An application for a connection outside the corporate limits of Town of Tropic shall be required.

Section 9: Water Rates and Connection Fees

- (1) The rates, penalty fee for delinquency in payment, connection fee, inspection fee, reconnection fees, and other charges incidental to the connection and services from the Town’s culinary water system shall be fixed from time to time by resolution enacted by the Town Council. The Town Council may, from time to time, promulgate rules for levying, billing, guaranteeing and collecting charges for culinary water services and all other rules necessary for the management and control of the System.
- (2) Rates for services furnished shall be uniform with respect to each class or classes or service established or that may hereafter be established. Rates may be established at different levels for premises outside the corporate boundaries of the Town.
- (3) Water and Sewer connection purchaser will hereby have one (1) year, after purchase, to connect to the Tropic Town systems; after which, if not connected, will be void and the connection will be lost.

Section 27: Non-Liability for Damages

The Town shall not be liable for any damages to a water service user by reason or stoppage or interruption of his or her water supply service caused by fires, scarcity of water, accidents to the water system or its mains, or which occurs as the result of maintenance and extensions operations, or from any other unavoidable cause. This section shall not be construed to extend the liability of the Town beyond that provided in the Governmental Immunity Act.

Section 28: Water Not Supplied to Motors, Syphons

No water shall be supplied from the pipes of the Town water system for the purpose of driving motor, syphon, turbine, or other wheels, or any hydraulic engines, or elevators, or for driving or propelling machinery of any kind whatsoever, nor shall any license be granted or issued for any such purposed except by special permission of the Town Council.

Section 29: Scarcity of Water

In times of scarcity of water, whenever it shall in the judgement of the Mayor and Town Council be necessary, the Mayor shall, by proclamation, limit the use of water to such extent as may be necessary. It shall be

unlawful for any person, his family, servants, or agents to violate any proclamation made by the Mayor in pursuance of this part.

Section 30: Waste of Water

- (1) Users of water from the culinary water system shall not permit water to continue to run wastefully and without due efforts to conserve water. If, in the judgement of the Superintendent or of any of the officers of the Town, a user of culinary water engages in practices which result in the needless waste of water and continues to do so after the notice to discontinue wastefulness has been given, the Superintendent or any officer may refer the matter to the Town Council.
- (2) The Town Council may thereupon consider terminating the right of the individual to use culinary water. If it elects to consider the matter or termination, it shall give notice to the water user of the intention to terminate his water connection at least five (5) days prior to the meeting of the Town Council at which termination of water service is to be considered. The notice shall inform him of the time and place of the meeting and of the charges lead to the consideration of the termination.
- (3) A water user who's right to utilize culinary water is being reviewed shall have opportunity to appear with or without counsel and present his reasons why his water service should not be discontinued.
- (4) After due hearing, the Town Council may arrive at a determination. If the determination is to discontinue the wasteful water user's service connection, it shall notify him of the decision and of the period during which the service will remain discontinued.

Section 31: Water Meters

- (1) Except as otherwise expressly permitted by this part, all structures, dwelling units, establishments and persons using water from the municipal water system must have such number of water meters connected to their water system as are necessary in the judgement of the Superintendent to adequately measure use and determine water charges to the respective users.
- (2) Meters will be furnished by the municipality upon application for a connection and upon payment of such connection fees and other costs as may be established by the governing body from time to time by resolution.
- (3) Meters shall be deemed to be and remain the property of the Municipality. Whenever a dispute between Superintendent and the property owner arises as to the appropriate number of meters to be installed on any premises, the matter shall be heard and determined by the governing body after due notice is writing to the parties involved.
- (4) The Superintendent shall cause meter readings to be taken regularly and shall advise the Town Clerk/Treasurer thereof for the purpose of recording the necessary billings for water services.
- (5) Meters may be checked, inspected or adjusted at the discretion of the municipality and they shall not be adjusted or tampered with by the customer.

- (6) Meter boxes shall not be opened for the purpose of turning on or off the water except by an authorized representative of the municipality unless special permission is given by the municipality through its representatives of the customer to do so.
- (7) If a customer submits a written request to the superintendent to test his water meter, the municipality may, if under the circumstances deems it advisable and in its discretion, order a test of the meter measuring the water delivered to such customer. If such request is made within twelve months after the date of the last previous test, the customer may be required to pay the cost of such test. If the meter is found in such test to record from 97% to 103% of accuracy under methods of testing satisfactory to the governing body, the meter shall be deemed to accurately measure the use of water.
- (8) If the municipality's meter fails to register at any time, the water delivered during the period of failure shall be estimated on the basis of previous consumption during the period which is not questioned. In the event a meter is found to be recording less than 97% or more than 103% or accuracy, the municipality shall make such adjustments in the customer's previous bills as are just under the circumstances.
- (9) All damages or injury to the lines, meters or other materials of the municipality on or near the customer's premises caused by an act or neglect of the customer shall in the discretion of the municipality be repaired by and at the expense of the customer and the customer shall pay all costs and expenses, including a reasonable attorney's fee which may arise or accrue to the municipality through its efforts to repair the damage to the lines, meters or to other equipment of the department or collect such cost from the customer.

Section 32: Permits For Installations

It shall be unlawful for any person to lay, repair, alter or connect any water line to the Town culinary water system without first having obtained a construction permit from the officer or Clerk or from the Superintendent.

Section 33: Applications For Installation Permit

Applications for permits to make water connections or other alteration or for laying or repairing lines connected directly or indirectly to the municipal water system must be made in writing by a licensed plumber, his authorized agent, or by the owner of the premises who shall describe the nature of the work to be done for which the application is made.

- (1) The application shall be granted if the superintendent determines that:
 - a. The connection, repair, alteration or installation will cause no damage to the street in which the water main is laid, or that it will not be prejudicial to the interests of persons whose property has been or may thereafter be connected to the water main.
 - b. The connection conforms to the ordinances, regulations, specifications and standards of materials by the municipality.

All connections, alterations or installations shall be to the line and grade designated by the water superintendent.

- (2) Fees for permits or for inspection services shall be of such amounts as the governing body shall from time to time determine by resolution.

Section 34: Supply of Water & Sewer Services Outside Municipal Limits

The Municipality may furnish water & sewer services from its water/sewer systems to persons outside the municipality in accordance with the provisions of this part. (Appendix J)

Section 35: Extensions of Water Mains Within Town

Any person or persons, including any subdivider who desires to have the water mains extended within the Town which extension shall be further than 100 feet from the existing line, which will impact the Town's water/sewer systems, roads, etc. and is willing to advance the whole expense of such extension, including all infrastructure, pump stations, road work/upgrades, emergency access and fire codes, may make application to the Town Council by petition. The petition shall contain a description of such proposed extension accompanied by a detailed map showing the location of the proposed extension, together with an offer to advance the whole expense thereof, which cost shall be verified by the water superintendent. The Town Council may grant or deny the petition as in its discretion seems best for the welfare of existing water users in the Town. Such extension, when completed shall become a part of the Town's water system.

Section 36: Cost of Extension Determined

Upon the receipt of such petition and map and before the petition is granted, the Town Council shall obtain from the water Superintendent a certified statement showing the whole cost of the expense of making extensions.

Section 37: Amount of Cost to Be Deposited With Treasurer

If the Town Council grants the petition, the amount of the costs of making the extension, as certified by the superintendent, shall be deposited with the Town before any work shall be done on such extensions. The deposit shall be made within thirty (30) days, or such other items as the Town Council shall indicate, after the granting thereof.

Section 39: Return of Any Money – Forfeiture

1. At the time the Town Council decides whether or not to grant petition for an extension, it shall also decide whether or not any portion of the costs is to be refunded and the manner and the circumstances under which such refund shall be made or credited to the applicant, his successors, or representatives. Such determination shall be duly recorded in writing and a copy thereof furnished to the applicant.
2. In the event any deposit remains unclaimed for a period of five (5) years after the depositor has discontinued water service, the deposit may be forfeited and then transferred to the water utility fund.

Section 40: Ownership of Extension

Any such extension shall be deemed the property of the Town.

Section 41: Extensions May Be Master-Metered

When an extension supplying more than one house or user outside the municipal limits is connected to municipal water mains, the water superintendent may require a master meter to be installed near the point where the connection is to be made to the municipal main. This installation will be at the expense of the person served by such extension according to the regular rates for meter installation. Responsible parties must agree to pay all bills for water served through the meter at the applicable water rates.

Section 42: Disposition of Funds

All connection fees and monthly user charges collected under the provisions of this Ordinance shall be deposited in the Town of Tropic's Water System Fund and Sewer Fund used to meet the operation and maintenance cost of the Systems; debt service on obligations appertaining to the construction associated with the completion of the systems; and such other allocations as Town Council may be resolution provided.

Section 43: Right of Entry on Premises of Water User

All authorized persons connected with the waterworks of the Town shall the right to enter upon any premises furnished with water and sewer by the Town to examine the apparatus, the amount of water used and the manner of use, and to make all necessary shutoffs for vacancy, delinquency or violation of the ordinances, rules or regulations enacted or adopted by the Town.

Section 44: Extraterritorial Jurisdiction

The Town may construct or authorize the construction of water and sewer services within or without the Town limits, and for the purpose of maintaining and protecting the same from injury and the water from pollution its jurisdiction shall extend over the territory occupied by such works, and over all reservoirs, streams, canals, ditches, pipes and drains used in the necessary for the construction, maintenance and operation of the same, and over the stream or source from which the water is taken, for fifteen miles above the point from which it is taken and for a distance of three hundred feet on each side of such stream and over highways along such stream or watercourse within said fifteen miles and said three hundred feet.

All ordinances and regulation, including this ordinance, are deemed necessary to carry the power herein conferred into effect, and is to enact among other things, an ordinance preventing pollution or contamination of the streams or watercourses from which the inhabitants of the Town derive their water supply, in whole or in part, for domestic and culinary purposes, and this ordinance prohibits the construction or maintenance of any closet, privy, outhouse or urinal within area over which the Town has jurisdiction, and provides for permits for the construction and maintenance of the same, applications for which permits must be made to the Town Council. In granting such permits the Council may annex thereto such reasonable conditions and requirements for the protection of the public health as they deem proper, and May, if deemed advisable, require that all closets, privies, and urinals along such streams shall be provided with effective septic tanks or other germ-destroying instrumentalities.

Section 45: General Sanctions and Penalties – Cumulative Remedies

Without altering or diminishing the effect of any other sanction, penalty or consequence provided in this Ordinance elsewhere, the violation of, failure to observe, or omission to comply with any provision of this

Ordinance, shall be a criminal offense punishable by a fine of up to \$500 or 90 days in jail or both. Each day of continued violation shall be a separately-punishable offense and this Section shall be in addition to any other penalty, sanction, consequence or remedy for enforcement of this ordinance.

Section 46: Effective Date and Posting of Ordinance
