10-3-15 CONDITIONAL USE REVIEW

It is recognized that there are special uses which, because of their unique character and unusual impact upon the use and enjoyment of neighboring properties, cannot be properly classified in any particular zone district(s) without special review consideration of those impacts upon neighboring lands and upon the public need for a particular use at a particular location.

A. **Criteria for Approval:** Before an application for a conditional use is approved by the Zoning Commission, it shall conform to the following criteria:
1. The proposed use shall be appropriate in the particular location, taking into account the nature of the use, its relationship to surrounding land uses and its impact on the natural environment.

2. The proposed use shall be in general compliance with the Development Evaluation Standards in this title.

3. The proposed use will not be in violation of any county, state, and federal laws.

4. The applicant shall present evidence to show approval of the landowner for the particular use, unless the land is owned by the applicant and, in such case, the applicant shall submit proof of ownership.

5. The applicant shall demonstrate that it possesses the requisite skills and experience to ensure that the particular use will be conducted in a safe and orderly manner.

6. The use will not adversely affect, in a significant manner, the public health, safety and welfare.

7. The length and size of the proposed structure must be compatible with the residential uses in the area and must also meet the setback requirements for the zone in which it is located.

B. Review Procedure:
1. The applicant shall submit a completed conditional use application form
2. Pay the appropriate application fee
3. Include any information deemed necessary and reasonable by the Planning Commission to conduct a detailed assessment of the impacts of the proposed use.
4. Planning Commission Review: The Planning Commission shall review the application, and make findings according to the criteria listed in Chapter 10-3-15(A).
5. Public Hearing: The Planning Commission shall notice/publish and hold a public hearing; the Planning Commission shall recommend approval, approval with conditions, or denial of the proposed Conditional Use to the Town Board for review.
6. The Town Board Review: At the next regularly scheduled Town Board meeting, the application shall be reviewed and a decision made; a Conditional Use shall be approved if reasonable conditions are proposed, or can be imposed, to mitigate the reasonably anticipated detrimental effects of the proposed use.
If the reasonably anticipated detrimental effects of a proposed Conditional Use cannot be mitigated by the proposal or the imposition of reasonable conditions to achieve compliance with applicable standards, the Conditional Use may be denied.

The Town Board may also remand the Conditional Use Application back to the Planning Commission for further review and evaluation.

If the Town Board denies the use, the applicant may amend and resubmit the application to the Planning Commission, or appeal the decision to the proper Appeal Authority.

C. **Expiration of Conditional Use:** Unless there is a substantial action under a Conditional Use permit within a period of one year from the date of approval, said permit shall be considered null and void.

### 10-3-16 VARIANCE PROCEDURE:

Where the Appeal Authority finds that extraordinary hardships or practical difficulties may result from strict compliance with these regulations or the purposes of these regulations may be served to a greater extent by an alternative proposal, the Appeal Authority may approve variances to these development standards and subdivision regulations so that substantial justice may be done and the public interest secured, provided that such variance shall not have the effect of nullifying the intent and purpose of these regulations. Further, the Appeal Authority shall not approve variances unless it shall make findings based upon the evidence presented that the requirements outlined in this Code have been satisfied.

In approving variances, the Appeal Authority may require any conditions that will, in their judgment, support the objectives of the standards or requirements of these regulations.

Any variances or special exceptions to this code shall be granted only by the Appeal Authority under the provisions herein, prior to the issuance of any conditional use, master planned development, subdivision approval or any other development approval. All action on an application shall be stayed upon learning that a variance or special exception is required until the applicant shall have obtained the variance, special exception or denial by the Appeal Authority.

This section sets forth procedures for considering and approving a variance to the provisions of this Title. Variance procedures are intended to provide a narrowly circumscribed means by which relief may be granted from particular unforeseen applications of the provisions of this Title that create unreasonable hardships.

A. **Authority.** The Appeal Authority is authorized to hear and decide variances to the provisions of this Title as provided in this section.

B. **Initiation.** A property owner, or the owner’s agent, may request a variance to the provisions of this Title as provided in Subsection 10-3-16 (D) (1) below.
C. **Procedure.** An application for a special exemption shall be considered and processed as provided in this subsection.

1. A complete application shall be submitted to City Officials, fulfilling all requirements, fees, and requests presented therein.

2. City Staff will review the application and determine its completeness.

3. After the application is determined to be complete, the Town shall schedule a Public Hearing before the Appeal Authority.

2. A staff report evaluating the application shall be prepared by the Community Development Department before the Public Hearing takes place.

3. The Appeal Authority shall hold a public meeting following the guidelines and procedures set forth in this Code. As well as approve, approve with conditions or deny the application pursuant to the standards set forth in Section (D) below.

4. Record of all variances shall be maintained by the City Recorder.

D. Approval Standards. In accordance with Sections of the Utah Code, the following standards shall apply to a variance.

1. The Appeal Authority may grant a variance only if:

   a. Literal enforcement of this Title would cause an unreasonable hardship for the applicant that is not necessary to carry out the general purpose of this Title;

   b. There are special circumstances attached to the property that do not generally apply to other properties in the same zoning district;

   c. Granting the variance is essential to the enjoyment of a substantial property right possessed by other property in the same zoning district;

   d. The variance will not substantially affect the General Plan

   e. The variance will not affect the health, safety, and welfare of the general public.

   f. The spirit of this Title is observed and substantial justice done.

2. The Appeal Authority may not find an unreasonable hardship unless the alleged hardship:

   a. is located on or associated with the property for which the variance is sought
b. Comes from circumstances peculiar to the property, not from conditions that are
general to the neighborhood.

3. The Appeal Authority may not find an unreasonable hardship exists if the hardship is
self-imposed or economic.

4. The Appeal Authority may find that special circumstances exist only if the special
circumstances:
   a. relate to the hardship complained of; and
   b. deprive the property of privileges granted to other properties in the same zoning district.

5. The applicant shall bear the burden of proving that all of the conditions justifying a variance
have been met.

6. Variances run with the land.

7. The Appeal Authority may not grant a use variance.

8. In granting a variance, the Appeal Authority may impose additional requirements on
an applicant that will:
   a. Mitigate any harmful effects of the variance; or
   b. Serve the purpose of the standard or requirement that is waived or modified.

9. The Appeal Authority may grant a more restrictive variance than that requested, when
the record supports the applicant's right to relief, but not to the extent requested.

E. Appeal of Decision. Any person adversely affected by a decision of the Appeal Authority
regarding a variance may only appeal such decision to the District Court as provided in
Utah State Code (10-9a-801).

F. Effect of Approval. A variance shall not authorize the establishment of any use nor the
development, construction, reconstruction, alteration, or moving of any building or
structure, but shall merely authorize the preparation, filing, and processing of applications
for any approvals or permits that may be required by this Code or other applicable
provisions of the Randolph City Code.

G. Amendments. The procedure for amending any variance decision shall be the same as the
original procedure set forth in this Section.

H. Expiration. Variances shall not expire but shall run with the land.

5. **Finality of Action**: If no appeal has been filed at the end of fifteen (15) days from the date of final action by the Legislative Body, Land Use Authority, or Staff, the action is final.
