

Welcome to the Weber County cell phone Sign Up page for emergency notifications. This program is sponsored by all of the city and county municipalities in Weber County.

This page is to be used by ALL residents living within Weber County for registering your cell phone numbers (up to 6) and email addresses (up to 2) with our emergency reverse notification system. **The system is tied to your home address, not the physical location of the cell phone.**

Please enter your street address information in the field below. The System will try to find your address in our database. If you are unable to find your home address or to login, it may be because the previous homeowner failed to delete their information or that our database is not up to date. If you are unable to find your address in the options that appear, please call Weber County Emergency Management at [801-778-6682](tel:801-778-6682) for assistance.

Once you register, your address is locked in to your cell phone number. Please remember your password so that you can keep your information updated. When you move, make sure you log back in and delete your information so that the new residents can register their cell phones to the address. You can then reregister your phone with your new address.

***Registering on this site does not guarantee you will be notified. There is no substitute for personal preparation. In a disaster, government and other agencies may not be able to reach you and meet your needs. The reverse notification system supplements, rather than replaces, other emergency communication methods including television, radio, websites, and other media. It is important for all residents to make individual plans and preparations for their care and safety during unexpected emergencies.***
