Re: Formal Request to Table Without Date Z14-002, Zoning Map/Ordinance-General Plan Amendment.

Dear Commissioners,

This firm represents Randy Moulding, the Applicant for the application and matter Z14-002, Zoning Map/Ordinance-General Plan Amendment (Applied 4-18-2014) (the "Application"). In follow-up to my telephone conversation today with Scott Lyons, we hereby formally request in writing that the Box Elder Planning Commission table the Application without date. My client feels that additional time is needed for him to review the issues surrounding the Application, and to gather further information regarding the Application to present to the Planning Commission. We ask that, at this time, the Application be removed as an agenda item from any future Planning Commission meetings. We will contact the Planning Commission when Mr. Moulding is prepared to proceed with the Application process.

Please feel free to contact me with any questions or concern.

Thank you.
