Edwards County, Kansas

Eaton, Colorado

### Easy to Manage Websites

Our goal is to provide an easy-to-use product that requires no special technical training. We want any designated official or staff member to be able to easily update their website at anytime.

Our websites are simple to update. If you use email or a word processor, you can manage an iGOV website.

We provide assistance as needed, but we empower you to manage your website as efficiently as possible.

### ● Affordable

We create features that can be used by multiple cities and towns. This helps us keep our costs very low. **Our approach allows us to offer a custom, quality product for a price that is unmatched in the industry.**

### ● Customized

Each of our clients receive a fully-customized, professionally created website. The designs we create reflect the beauty and personality of your community. Our desire is to design a website that will make your community proud.

### ● Unlimited Support

In order to provide the best experience possible, we offer unlimited phone and email support. We want a personalized relationship with each client. We put a priority on getting to know you and the needs of your specific community.

# Affordable, easy-to-manage WEBSITES for Cities & Towns

## Key Features

### City Code

Give residents a way to search your city code when they have questions about building requirements, pet regulations, commercial possibilities, and more.

### Content Management System

Provide designated individuals access to modify content on any page on the website.

### Unlimited Customizable Pages

Easily create new web pages and add any content you need to them. Example pages: Photo Gallery, CERT, Library, Fire Department, Police Department, and Election Results.

### Document Repository

Add any type of file to the document repository including PDF files, videos, etc.

### Email Notifications

Members of your community can request to be notified by email about items of interest such as agendas, code changes to a particular zone, proposed developments in a particular area of town, or animal regulations.

### Events Calendar

Events from all departments can be accessible on a single, unified calendar or separate calendars.

### Minutes & Agendas

Easily add minutes and agendas to your website for city council meetings, planning commission meetings, and other departments as needed. All minutes and agendas are automatically archived for quick access to past documents.

### Slide Show

Engage site visitors with a slideshow of nice images of your community.
