It Takes Two

"Life does not get much better than this..."

Sue's love of Patchwork began in 1980 when she was expecting her first child. She made one quilt a year for 3 years. After her third child was born Sue decided she could get a little more serious now that she had a girl. Obsessive is probably the best way to describe it now, with most of her days being filled with designing and teaching across Australia and all over the world.

Her first book *It's a Hexagon Kinda Christmas* was launched at the end of 2003. She finished her second book *Hexagons from the Guest House* at the beginning of 2004. The third book called *Playing with Paper* followed in late 2004. The most recent book *A Road Less Travelled* was published in 2009. Her next book will be launched at Fall Market in Houston 2011.

In 2005 Sue and her husband purchased a beautiful, private 3 acre property. They have landscaped the gardens, added several ponds, a dam and fountains and together with a seasonal creek, this all lays in front of a lush green mountain backdrop, away from the hustle and bustle of the real world.

Kindred Spirits Bed and Breakfast and the Candlelight Cottage were born and are run by Sue and her husband. Kindred Spirits B&B specializes in Patchwork retreats and is renowned for the beautiful surroundings, fabulous food and excellent classes. It is also the home of "Patchwork with Busyfingers." It is here you will be sure to find many of the beautiful quilts and accessories that Sue has designed over the past 30 years. Together with her husband and several staff, Sue runs this successful business supplying patchworkers, not only locally, but internationally.

2010 was an amazing year for Sue seeing her win "The Sunshine Coast Business award" for Export.
