

Lindon City has a 'General Plan' document that consists of goals, policies, and maps intended to help guide the future development of the city for the next 20 to 50 years. The document is periodically updated to ensure adequate planning for the future. A 'General Plan Committee', made up of citizens throughout Lindon, has been formed to assess the plan and the future needs/desires of the city. They have made some recommendations for updates to the plan and would like more citizen input on the issues. *Completing this survey is an opportunity for you to participate in the future vision of our community.* We also hope to get feedback on our current and future recreation programs. This survey should take about 10 minutes to complete.
