Harvest House Quilting wholeheartedly apologizes for this error - we strive to present our quilting friends with accurate patterns - unfortunately this particular pattern has had a few glitches, one in cutting and one in instruction clarity.

**If you would prefer to have a complete corrected copy, please send me an e-mail or contact us through the web site and I will be happy to send you an electronic corrected pattern.** Again, I apologize for the errors in this pattern and I hope to be able to serve you again in the near future with your quilting patterns, kits, supplies, etc.

THANK YOU!
