Dates to Remember

**June 7th – Council Meeting 6:30
City Hall**

June 14th – Flag Day

June 19th – Father's Day

Burning in City Limits

The Commerce Fire Dept. will be setting the first and third Saturdays of the month as burn days for the citizens of Commerce to burn yard debris. An ordinance must be put in place and a permit obtained by the citizen before burning will be allowed. Permits will have no cost, Dates will be announced.

Emergency Management

Emergency management will be taking a survey over the course of the next month to check for interest in storm shelters for residents of Commerce. It has come to my attention that there is a government program to assist with the cost of placing an above ground, below ground, or in home storm shelter.

If you are interested in this program please let me know in writing by Monday June 27th.

Please include your name, address, and which type of shelter you are interested in to Commerce City Hall, Commerce Police Department or mail to PO Box 99 Commerce.

ATTENTION:

Please notice the inserted letter concerning the partnership between the City of Commerce and Indian Health Services, requesting copies of CDIB cards from citizens of Commerce. We would appreciate participation from as many as possible. If you have questions please call City Hall (918) 675-4373

To honor those who serve

We at City Hall would like to honor our Commerce Police Department and Volunteer Fire Department and any other citizens who have volunteered the past few days in the City of Joplin or other surrounding areas affected by the tornados. Our thoughts and prayers are with the victims and those reaching out to help during this disaster time.
