# New year, new projects

Happy New Year! A new year is starting, and Fabric Expressions has a lot of fun things planned. I am looking forward to the new year. 2011 was tough for me: I had to say goodbye to two family members. Back to more fun stuff:

I am running my first Saturday Sampler; it is a mystery. On the first Saturday of the month starting Jan. 7, you will come in and pick up your kit. I will demo the blocks you will need to make. Come in the following month and show us your completed blocks, and get your next set of blocks for no extra cost. If you don't bring your completed blocks or miss a meeting, it costs \$5 to get your next kit. Find more information on the back page.

We have some great Block of the Month programs starting in January. We will have the "Buck a Block" program in two different themes. One will be made from Civil War reproduction fabrics and one will be all black and white fabrics. There will be finishing kits available with the fabric in the sample while supplies last, or we will customize the finishing kit for you. The quilt is a twin size.

"Cabana" is a Block of the Month designed by Swirly Girls for Michael Miller Clubhouse. The finished quilt measures 92 x 108 inches. This 12-month program includes pattern and fabrics for a portion of the quilt each month, including blocks, sashing, borders and binding. Each installment also includes a pattern for a bonus project using the "Weekend" fabrics by Michael Miller. This program begins mid-January and concludes in December. The cost is \$25 per month.

"Amish With A Twist," designed by Nancy Rink, uses Centennial Solids by Marcus Fabrics. The finished quilt measures 883/s x 1051/2 inches. This five-installment program features three "lesson" units per installment, and the lessons are grouped by related techniques and progress in level of difficulty. This project is perfect for the beginning quilter! Each installment also includes additional design ideas and a pattern for a bonus project. This program begins in mid February 2012 and will be shipped every other month, concluding in November. The cost is \$48 per installment.

Day. It's National Quilting Day and Fabric Expressions' birthday. We will be giving out a free St. Patrick's Day fat quarter, while supplies last, and cake. We will have other surprises for you.

Our UFO (unfinished objects) classes have been so popular we have decided to add another set. There will now be a Saturday UFO once a month from 10 a.m. to 3 p.m. We will continue to offer both day and evening sessions on Wednesdays and Fridays, and a Saturday evening session once a month.

There are a lot of new classes to choose from. We had a few requests for classes we offered last session, so we are repeating a few classes. We are offering quick and easy projects, like "quilt as you go" table runners and place mats, as well as full-size quilts that we will take a few classes to complete.

Now that you have a calendar for 2012 make sure you write down the dates for our Shop Hop on August 3-5. We will have a custom fabric and new shops in the hop. I am excited and already planning our shop's project.

Thanks, Alison

Baltimore Cousins: During the 1840s, the ladies of Baltimore were making friendship album quilts with blocks 12 inches square or smaller. Ladies in other areas of the country were making appliqué quilts with much larger (20- to 30inch) blocks with larger motifs. From my books, I have drawn nine large blocks that have a traditional look and have special meaning from the Victorian era to create a full-size quilt. In four classes, we will investigate the history and meaning of these blocks and work on appliqué techniques for each block. We will make four 20-inch blocks. A full-size pattern will be provided.

There is no finishing kit; everything is included at a cost of \$50. I will demo the blocks at 10 a.m., 11 a.m. and noon. You do not have to be here for the demos, but you need to pick up your block kits on that Saturday. If you can't make it, you can come on the Monday after from 6-8 p.m. There will be a demo at 6 p.m. and 7 p.m. You have a month to complete the blocks and must attend the following month. You must bring the finished blocks to the next meeting or you will have to pay \$5 for the next set.
