Block Construction

- 1) Start in the middle. Border the A square with the B pieces
I figured to cut two squares a half inch smaller than the square we are trying to border
- 2) Then Border the sewed unit with the C pieces using the 1/2 inch smaller than the sewed unit
- 3) Make 8 half square triangles using the techniques from previous block of the months to make the E blocks
- 4) Attach four E blocks together to form the sides.
- 5) Attach the D blocks on both ends of two strips of E blocks
- 6) Attach the shorter strips to the sewed unit. Then attach the long strips to finish your block.
