

Look at Mine!

Sent from Valerie

This is what she had to say:

This baby quilt was made with the intentions of sending it to a couple I know that are foster parents. It was a fun and easy pattern called crazy eight!

This is what she had to say:

This is a lap quilt I made for a girlfriend of my sister that lives in Alaska. She is nineteen and has a brain tumor and not expected to live very long according to Doctors. She wanted so badly to come visit Tx but cannot in her condition. We put together a cd of pics of places in Tx that she would see if she visited-Tour of Texas- we called it. I also wanted her to know that we care about her and are praying for her so I chose the Tx themed quilt idea so when she looks at it she hopefully will know and feel the prayers from her friends in Tx.

This is what she had to say:

I thought that I'd send a photo of my latest quilt. I purchased the red fat quarters kits at each quilt store at last year's Cruising the Coast shop hop. It was long-arm quilted by a friend in Montana. I gave the quilt to my mother for Christmas. She makes quilts for everyone but no one makes one for her, so I decided that this would be hers. She was very surprised!

This is what she had to say:

she is speechless! probably tired
after all of this work :)

Sent from Ruth

This is what she had to say:

How much piecin' a quilt is like livin' a life! You can give the same kind of pieces to two persons, and one will make a "nine-patch" and one'll make a "wild goose chase, " and there will be two quilts made out of the same kind of pieces, and jest as different as they can be. And that is jest the way with livin'. The Lord sends us the pieces, but we cut them out and put 'em together pretty much to suit ourselves, and there's a heap more in the cuttin' out and the sewin' than there is in the caliker (calico).
