

Casserole Carrier

4 fat quarters

1 1/2 yards of ribbon

batting scraps

1. fold each fat quarter into fourths. place cutting template on folds and cut out. this should make four ovals.
2. take the top circle and then the inside piece of the top and fold into fourths and cut the smaller circle. then cut pieces in half.
3. cut 1 large batting oval and two curves pieces to match your fabric.
4. large ovals - layer right sides together and batting, stitch, leaving opening, turn and then stitch over entire oval.
5. curve pieces - turn straight ends under and hem. Then layer together and stitch the top curve and the large bottom, turn right side out, and stitch all over leaving a casing at top for ribbon.
6. place curves on top of large oval and stitch around the edge. (you could also cover this with a bias binding if you enjoy bias bindings)
7. thread ribbon through the curve pieces and stitch together. Hide intersection in the casings.
8. enjoy your casserole carrier.
