FALL 2011

Scrap Tamers Plus From Marti & Me Club (Two Clubs rolled into one!)

September 2011-May 2012

This club will begin in September and meet on the 3rd Saturday of the month for 9 consecutive months. The focus of the club will be on learning new techniques, finishing your projects and having some fun. This year we will be combining the favorite features of our Scrap Tamers Club, including a mystery quilt, with a new club called **From Marti and Me**. As part of the **From Marti and Me Club**, each month club members will receive a pattern for a project which features one of the Marti Michell tools or template sets. Marti Michell tools are designed to make your piecing more accurate. The patterns include different size options and excellent step by step instructions. You can make these projects from your stash or you can preorder a kit and/or the featured tool. Kit information will be available to preview and order each month for the next month's project. The meeting dates will be Sept. 17, Oct. 15, Nov. 19, Dec. 17, Jan. 21, Feb. 18, March 17, April 21 and May 19.

Sessions will include:

- A handout including clues for making a Glad Creations original mystery quilt.
- A complete pattern by Marti Michell featuring one of her tools or template sets.

- Instructions and demonstrations for using the featured Marti Michell tool of the month.
- Motivation from show and tell.
- And—a preview of what's new in the shop (all the goodies you'll want to know about).
- The sessions will generally last about 50-60 minutes. Please plan to arrive on time and stay for the whole session.

How to join the club:

- Register for a session time (10:00, 11:15 or 1:00). To make it fair for everyone, registration begins Saturday, August 27 at 9:30. We will be taking registrations in person or by phone. (No faxes, no e-mails, no mail-ins). You may register on this first sign-up day for yourself and up to 3 friends. We expect these sessions to fill up quickly! Be prepared to stand in line at the shop, and know that the phone will be very busy. We appreciate your patience—we will be taking registrations as fast as we can in the order received.
- The cost to participate in the club is \$36.00. Prepay at the time of registration to hold your place (payment for phone sign-ups must be received within 4 days of registration).
- Sign-up sheet will be ready by August 11. Stop in and pick one up.

We're 35 Years Old!

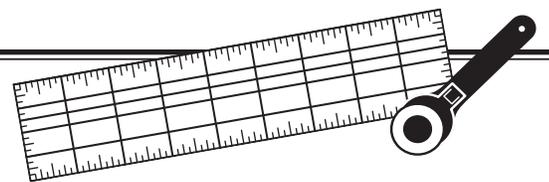

Join us in celebrating 35 years in business!

Beginning in September we'll be offering fun give-aways each month for the remainder of 2011. Enter our drawing every time you visit the shop. Sign up for our email update or just stop in to find out what we're drawing for. Each month will be a fresh drawing of names so be sure to sign up every month!

Just a hint—in September we're giving away our "Northwoods" Quilt. This fun woody quilt is 79" x 91"—a great size for a throw or "nap" quilt. Stop in as often as you want during the month of September to enter your name in the drawing. One entry per visit, must be 18 years of age, no purchase necessary.

MACHINE TECHNIQUES

We have a wide selection of machine piecing classes to choose from. Some projects have several size options so be sure to come into the shop prior to your class for help with quilt sizes, yardage requirements, and to see the samples. We will be glad to help you select your fabrics.

Beginners class—no previous quilting experience required.

Intermediate class—“Beginning Rotary Star Sampler” or equivalent beginning machine piecing class is a prerequisite.*

Advanced class—A little bit more difficult. Requires previous machine piecing and rotary cutting experience.*

**Please note that in intermediate and advanced classes we assume you have some basic quilt assembly skills—they don’t cover basics like adding borders, layering your quilt or quilting.*

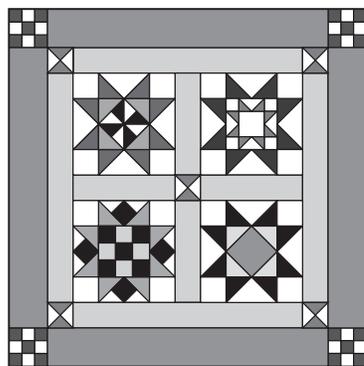

*Supplies & Equipment List for Machine Classes

- Rotary rule or equivalent (24" long)
- Rotary cutter
- Triangle or 2nd ruler for squaring up (optional)
- Sewing machine (cleaned, oiled and ready to use)
- Basic sewing supplies including a seam ripper
- Lunch for all day classes
- Fabric—prewashed and pressed.

Note: We have a “classroom” set of cutting mats so you don’t need to carry yours to class with you.
