service@thewoodenbear.com

Thanks for being one of our wholesale customers. We are able to sell our patterns, notepads, and button packs (that are directly related to one of our patterns or books) at wholesale prices. For some products such as generic button packs, tea towels, quilt hangers, etc., we are not able to get low enough prices to turn around and sell to our wholesale customers. If you would like to contact these companies to inquire about purchasing, see the list below.

Don't forget, you can now purchase WB products wholesale directly from our website by logging into our wholesale gateway. If you need access, simply fill out our form on our website, and we will email you with a login name and password.

Please contact us if you have any questions... we're here to help!

Red Rooster Fabrics

Fabrics designed by The Wooden Bear!

Hillcreek Designs

(They manufacture the buttons we sell on our site. We ARE able to give wholesale prices on button packs that are made specifically for our patterns/books, but for the packages listed under our "Buttons" section, you will need to contact Hillcreek directly for wholesale prices.)
