

New Book from The Wooden Bear!

Now Available!

Hugs and Holly is a collection of simple holiday projects designed by Kelly Mueller to decorate your home or give as gifts. Some of the projects include a table runner, pillows, bags, tree skirts for small Christmas trees, goody bags, dish cozies designed for 8" square pans, and more. The book includes full-color diagrams and photos, as well as two pattern pullouts. I have provided not only the applique patterns, but full-size applique placement diagrams for some of the more intricate appliques. This allows you to lay an applique pressing sheet over the diagram to easily place your pieces, just as I have, for perfect appliques every time! **Retail price \$16. Wholesale price \$8.**
