

## **BEGINNING HAND NEEDLETURN APPLIQUE**

**Instructor: Tiffany Hayes**

Tiffany will share with you her stress-free needleturn appliqué. Students will be directly in touch with their needle, thread, and fabric.

She will show how incredibly easy appliqué is without the use of freezer paper, toothpicks, starch, cardboard, ironing, or interfacing, all things that needlessly complicate what is otherwise a very simple process. Tiffany has been creating quilts with hand needleturn appliqué for many years and would love to share her tips and techniques with you.

### **Specific items needed for this class:**

Small sharp scissors or appliqué scissors

Temporary Fabric marking pens/pencils

Basting glue (preferably Roxanne's)

Needles: Sharps, Size 11 or 12

I look forward to seeing you in class.

*Tiffany*
