SEWING CLASSES

Many classes have kits that are required and we have tried to keep their expense to a minimum.

Many classes do not require a kit, but do require supplies.

We ask that you purchase the class supplies from Bolts in the Bathtub.

This is the only way we can maintain low class fees.

As I sit in the backyard writing this, the day is just beginning, and thoughts of all that I learned at BU (BERNINA university) and the many things I have to share with you. A hummingbird flits drinking the nectar from the flowers just as we as sewists (I know that word seems funny, but it has replacing sewers) and quilters move from project to project learning new tips and techniques.

A few of the exciting things from convention: The new 7 Series machines, for Mac users BERNINA Artista software is now supported, and for those who have always aspired to being an artist - Designworks. With DesignWorks you can do Cutwork, Paintworks and Crystalworks on select BERNINA machines. Imagine painting with your embroidery module.

Although we are now adults, most of us think of August and September as the time to go back to school. The calendar is full for the next three months of new classes, projects large and small and a favorite returning National teacher.

Nancy Bednar is joining us again in October for three classes. Read about her class offerings for this year on the next page. Those of you who have taken Nancy's classes before will be amongst the first to sign up. Her samples will be in the store soon and we will send out an email and post of Facebook when they arrive.

Have you liked us on Facebook yet? It is one of the fastest ways to find out what is going on in the store. In the next couple of weeks we will start posting time sensitive specials, so join in the fun today.

The calendar has some basic sewing classes, pincushions; a Calendar quilts class with access to our scrap stash, an umbrella, and of course quilts. Don't miss out on the Celestial Block of the Month designed by Tiffany. There are two class times available - the first being Wednesday night August 1st.

Christmas will be here before you know it and Christmas fabric has filled the shelves, come in and see this year's selections.

Thank you for your support and letting us be ...
