Beginning Paper Piecing

One 2-1/2 hour session \$20.00

Learning how to paper piece will allow you to successfully tackle difficult patterns, such as Mariners Compass, with perfect accuracy. This is a technique which is much easier to comprehend when you see it demonstrated, rather than trying to learn it from a book. You will make one block in class, which could be used on a pillow or put on a tote. This would also be a great repeat block for a full sized quilt since the blocks set together create an interesting secondary pattern.
