Debbi Lashbrook

Debbi has been a BERNINA educator for the past seven years and enjoys traveling to BERNINA dealerships throughout the country to share her love and enthusiasm for BERNINA software and machines. She began sewing at an early age and loves many types of sewing and embroidery; but her passion is with garment sewing and fitting. She received a Masters degree in Textiles from the University of Illinois and taught a variety of classes at the university prior to moving to Texas. She began teaching classes at the BERNINA Sewing Center in Plano, TX after relocating to the Dallas, Texas area. Prior to joining the staff of BERNINA of America, she managed the store for five years and taught at the store for 21 years. Her specialties include garment construction, pattern drafting and fitting, and BERNINA Embroidery software, My Label software, and BERNINA Cut-Work software.
