

## **Football Fanatic**

Level: Beginner

Teacher: Enjoli Strait

### Class Description:

Are you (or your hubby/boyfriend) a football fan? This quilt makes a great couch accessory for football season. The quilt involves simple straight-line piecing and a little fusible web appliqué. You will learn how to create your own appliqué pieces to customize your field to the team of your choice! The store will also be getting the licensed NFL fabric for a limited time only, just for this class!

### Class Supplies:

- Football Fanatic Pattern (fabric requirements are listed)

NOTE: Please find a color photo of your team logo to use for your appliqué piece. I recommend your team logo, not name because you will be placing the image in the end zones and at center field. We will create letter appliqués as well to put team names in the end zones.
