

Serenade

Quilting and Sewing Machine

FOR THE LOVE OF SEWING

Lighting

Illuminate your needle and work area with Serenade's seven LED lights.

Ergonomic Hands-Free Presser Foot Lift

Use the hands-free presser foot lift to raise and lower the presser foot with extra high settings for larger projects.

Needle Threader

Thread your needle in just a few simple motions, and use your thread cutter to save even more time.

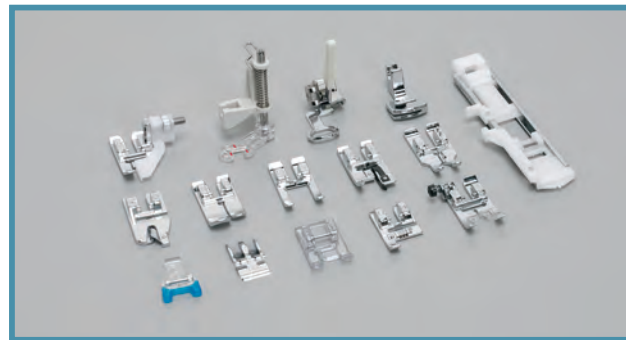

Extension Table and Large Work Space

With the Serenade, you can make big dreams come true with the 8-5/8" work space - one of the largest work areas available - plus a 23-5/8" x 19-5/8" extension table that's large enough for virtually any project.

Retractable Stitch Reference Chart

Save space AND creative energy - quickly check this retractable chart to see which stitches you should use on your quilting projects.

Accessory Feet

The Serenade comes with 15 accessory feet for limitless variety and creativity, including 9 feet that work in conjunction with the PDQ feeding system.

Automatic Thread Cutter

No more looking for scissors and snips! Instantly cut the upper and lower threads with just the push of a button.

Introducing the Serenade from Baby Lock

A quilt is quite the ambition... and while I bring the creativity and planning, I need control, precision, and the space to bring those ideas to life. The Serenade gives me all this and more, with a longer arm and extension table that let me arrange even the largest of quilts with ease. Have I mentioned how much I love Precision Dual-Feed Quilting? This built-in feature gives me the control and prevents shifting as I feed layers of fabric through the machine. With so much precision, it seems that Baby Lock has created the Serenade just for quilters like you and me.

For the Love of Sewing.

Nancy Ziemer

PBS Host of "Sewing With Nancy"

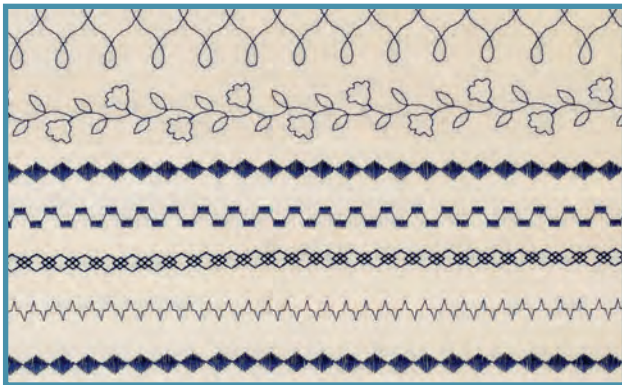

Precision Dual-Feed Quilting™ (PDQ)

This exclusive Baby Lock feature works with the feed dogs to guide and control layers of fabric, preventing multiple layers of fabric from shifting out of alignment.

Front-loading Bobbin

It is ideal for precision sewing for piecing and quilting. The convenient placement allows you to change the front-loading bobbin without having to remove your quilt.

513 Built-in Stitches

With 513 stitches to choose from and a maximum width of 9mm, you can expand your creativity as far as your quilt will go! Plus, with speeds up to 1,000 spm, it won't take you too long to get there.

LCD and Push Button Features

The Serenade's easy-to-read touch screen makes it simple to access stitches and settings. And, with a suite of push button features, your sewing projects have never been easier to complete. Position the needle up or down, reinforce any stitches with the reverse sewing button, or sew without a foot control using the start/stop button.

Quilting Features

- LCD touch screen
- 513 Built-in stitches including
 - 46 Utility with 11 one-step buttonhole styles
 - 77 Decorative
 - 51 Quilting
 - 37 Decorative satin
