

# palette™ 9

Creative Embroidery Software

FOR THE LOVE OF SEWING

## Introducing Palette - Version 9

Create and edit embroidery designs with ease using the advanced technology of Baby Lock Palette 9 Creative Embroidery software. Choose from a variety of layout features and fonts to create truly customized embroidery. Palette 9 includes many features to make the production of even the largest projects fast and simple, with professional results. Several Baby Lock multi-needle machines can be linked to Palette 9 at once, allowing you to send designs directly and monitor the progress of multiple projects from your computer – perfect for businesses.

### Digitizing

- Create designs manually or with drawing tools using the Four-stage Design Center

*Photo Stitch*

*Appliqué*

*Embroidery*

*Cross Stitch*

- Rely on Four Wizards for photo stitch, cross stitch, appliqué and embroidery designs
- Instantly digitize vector .wmf files
- Design custom fill, stamp and motif patterns and increase creativity with the Programmable Stitch Creator
- Enjoy creative stitch variations such as candelwicking and a hand-look stem stitch

### Lettering

- Edit True Type fonts or create your own with the Font Creator, perfect for personal gifts or business-minded embroidery
- Includes 100 built-in fonts for every type of project, including 2 monogram fonts and 5 small fonts

### Layout and Editing

- Effortlessly merge fonts and designs to give every design a one-of-a-kind touch
- View designs in detail with Realistic Preview, and work within Preview for easy editing
- Use the Sewing Attribute to change colors, density and text features, ensuring flawless embroidering and production
- Change thread color or sewing order for faster, error-free embroidery
- Watch designs sew on screen with the Sewing Simulator, so you can stitch with confidence
- Add extra flair to designs with quick mirroring, circular copy, floral patterns or offset lines to create an echo quilting effect

## Production Features

- Control and monitor multiple machines at once by linking up to 4 machines to Palette 9. Perfect for businesses; compatible with Enterprise (BNT10) and upgraded Embroidery Professional Plus (BMP9) machines
- Create designs with shorter jump stitches and less trims - great for multiples
- Create templates for frequently-used designs

- The Name Drop feature lets you easily swap names and numbers in and out of designs such as team or business logos
  - Use up to 500 names, import or export as .CSV database files
- View hoop sizes for single and multi-needle machines for perfect design positioning in every hoop
- Control length of jump stitches for quicker production and ease when creating smaller, lettered designs
- Easily convert design formats

### Requirements

- IBM-PC or compatible computer with Pentium IV or higher
- Windows XP, Windows Vista, Windows 7 (32 or 64 bit operating system)
- Minimum 512MB (1GB or more is recommended)
