

CRIME PREVENTION AND EDUCATION

The role of a police officer is multi-faceted. While their primary objective is to enforce the law in a fair and impartial manner, officers also participate in various pro-active crime prevention activities as part of the community policing philosophy.

By educating the community on crime prevention techniques and by getting citizens engaged in crime prevention and problem-solving activities, we can reduce the number of crimes in Brigham City and make life better for all its citizens.

Officers from the Brigham City Police Department can provide training to the community on a vast number of subjects including, but not limited to, the following:

- Amber Alerts - Missing Children
- Animal Control Issues
- Bank Alarm Protocol
- Bike Safety

- Child Abuse
