

PARKING ORDINANCE

As citizens may recall, Brigham City passed an ordinance regarding parking, specifically prohibiting the parking of travel trailers, utility trailers, boat/OHV trailers, etc. on City streets for periods longer than 72 hours. [Please refer to Brigham City Code No. 15.02.050(D).]

Over the last couple of weeks, Brigham City officers have been marking trailers and leaving notices advising owners that their trailers are in violation of the Code and that their trailer needs to be moved within 72 hours or be subject to impound. These notices are meant to educate and remind citizens that there is a parking ordinance, and not as a punitive action.

Throughout the summer, officers contacted numerous owners of trailers where citizen complaints were made and every one of the owners complied with the request to move their trailer. No citations or impounds were required.

Also, with winter weather approaching, the Brigham City Police Department would like to remind citizens of the restrictions of parking on the City streets during and after snow storms.

To read the Code on parking in its entirety, please go to Brigham City's website at www.brighamcity.utah.gov. The City Codes are listed under Government.
