NOTES TO USERS

The map is for general planning purposes. The Flood Insurance Program is based on an economic benefit of areas subject to insurance premiums for flood coverage. The FIRM is not intended to be used for the purpose of determining a floodplain management decision.

To obtain more detailed information on areas shown as Floodways or Floodways/Channel, visit the FEMA website at http://msc.fema.gov/ or contact your local community officials.

For an overview map of the City of Brigham City, please refer to the separately printed panel. For area information, please contact your local community officials. Please refer to the separately printed panel. For area information, please contact your local community officials.

Areas of Special Flood Hazard Areas may be protected by flood insurance with additional coverage under the National Flood Insurance Program. Floodway Data in this map may reflect stream channel distances that differ from what is shown on the panel. Certain areas not in Special Flood Hazard Areas may be protected by flood insurance with additional coverage under the National Flood Insurance Program. Floodway Data in this map may reflect stream channel distances that differ from what is shown on the panel.
