aurora BERNINA[®]

An All-Round Perfect Machine

Start/Stop Button & Speed Control Start or stop the machine with the touch of a button that is located above the needle area. The slide speed control allows the user to manage the max/min speeds of the machine, which comes in handy when mastering a new technique.

Informational Display An informative digital display tells you everything you need to know to sew. From the recommended presser foot to the selected stitch and all settings, your machine ensures success with each sewing task.

Needle Threader The practical threading function makes it easy to pass the thread through the eye of the needle in a matter of seconds.

Stitch Selection Choosing your favorite

Œ

Separate Winder Motor Save time without

With the separate motor, you can wind bobbins while sewing or embroidering, and adjust the winding speed for delicate or stretchy threads.

345671

Accessory Box Conveniently store everything from bobbins and presser feet to seam rippers and lint brushes in the included accessory box. Plus it attaches to the back of your machine for compact storage and travel.

Extension Table With the extension table, the aurora offers another useful accessory for creating a larger working area. The table is simply attached to the freearm.

Free Hand System Unique to BERNINA, the FHS raises and lowers the presser foot while releasing thread tension and lowering the feed dog, leaving your hands free to guide your project.

Embroidery Module (optional) With the optional embroidery module and the power of your PC, beautiful embroidery is at your fingertips. Combine designs, add lettering and make each project a unique creation.

BERNINA Stitch Regulator (optional) The first of its kind, the BSR makes free-motion quilting easy by ensuring uniform stitch length even at variable sewing speeds.

Art Design

Utilize the power of your PC to embroider with style. Use Art Design to enlarge, mirror-image, add text, change design colors and combine designs. When you are ready to embroider, helpful animations will guide you through the process.
